

model5-sx-cv  
Longitudinal profile of vertical field

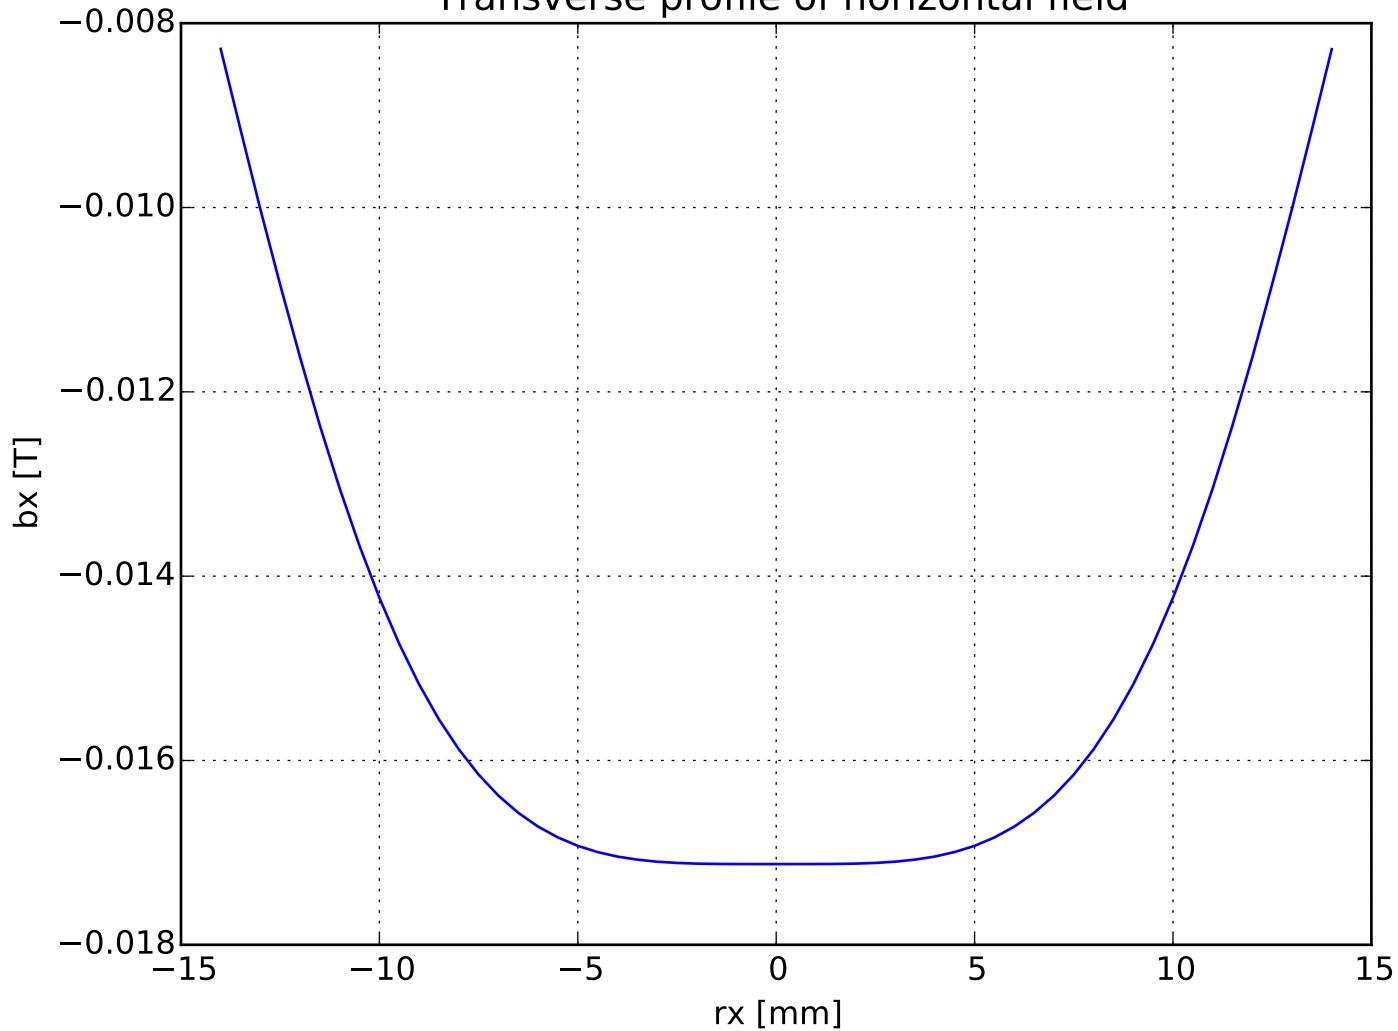

model5-sx-cv  
Longitudinal profile of horizontal field

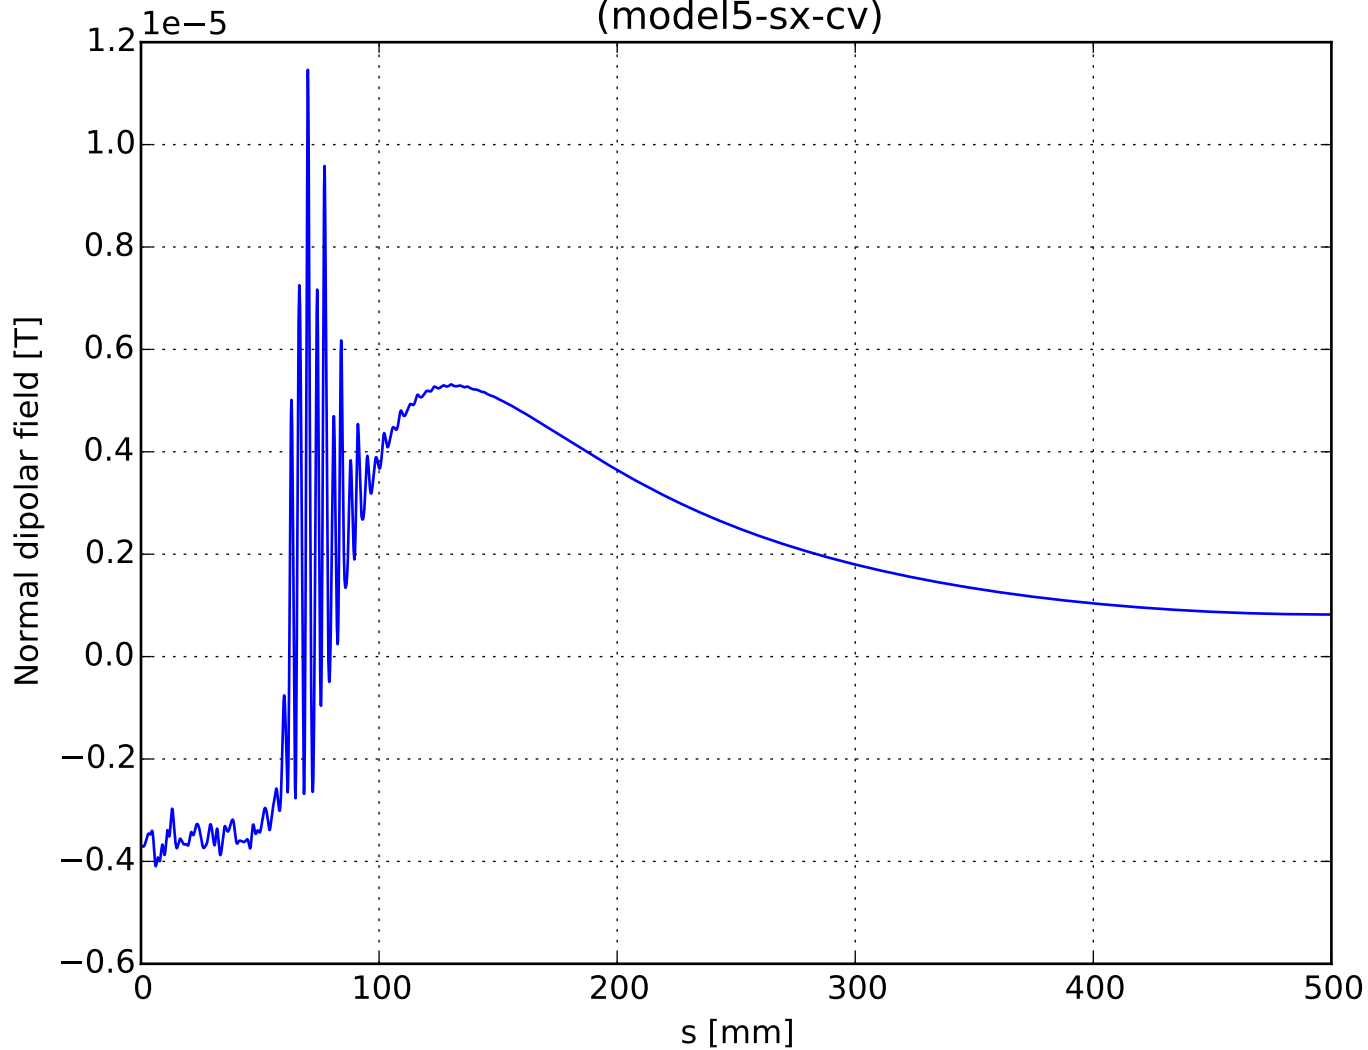

model5-sx-cv  
Transverse profile of vertical field

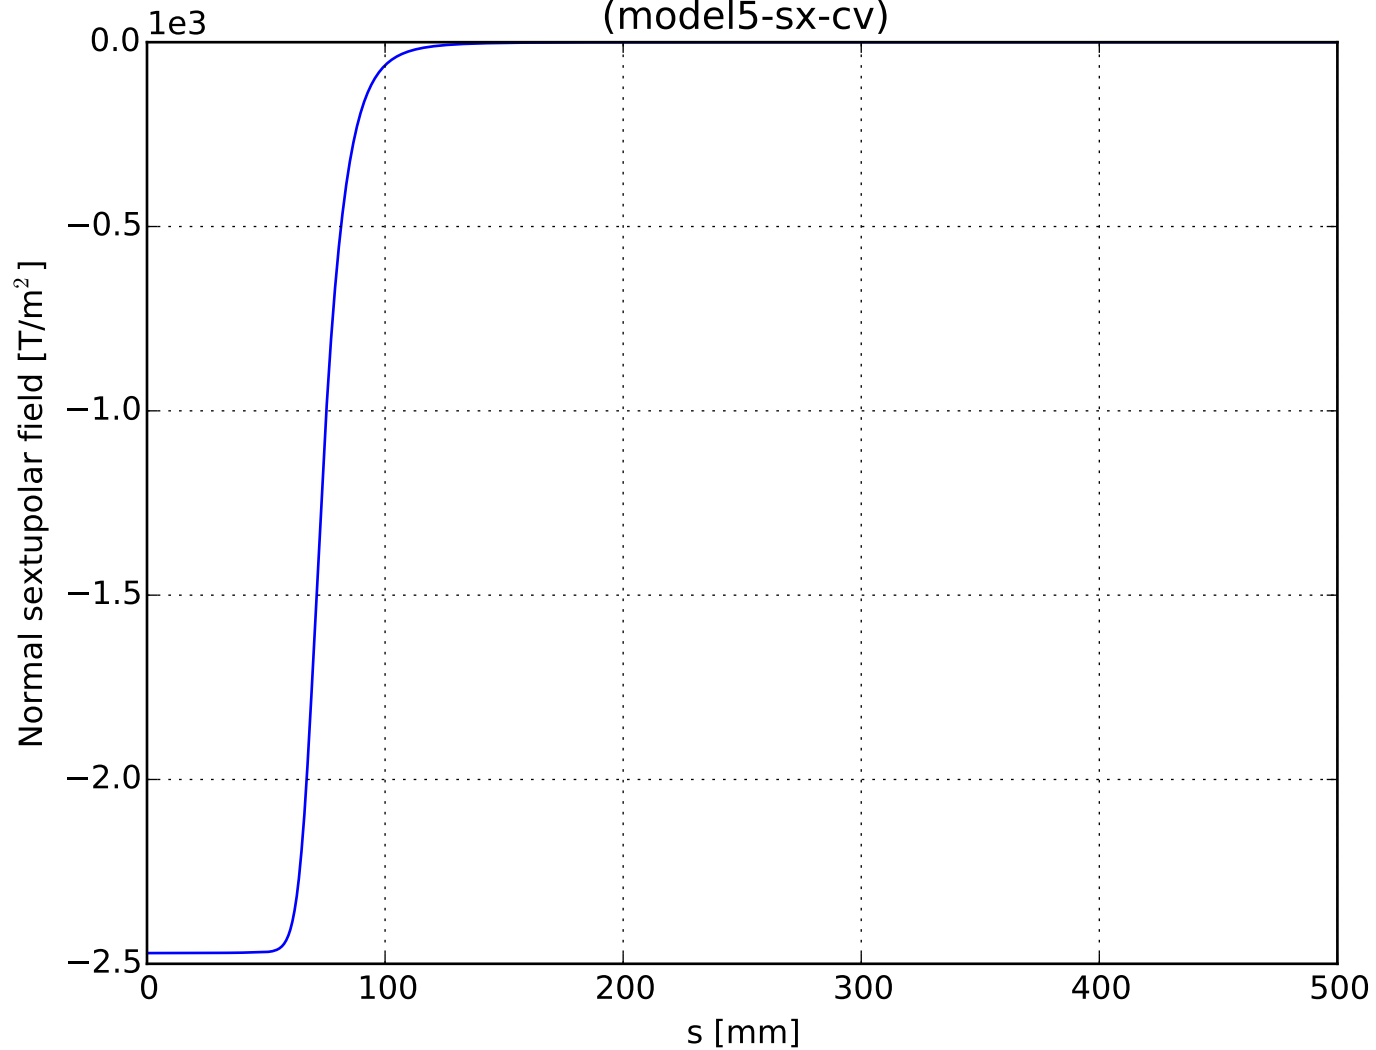

model5-sx-cv  
Transverse profile of horizontal field

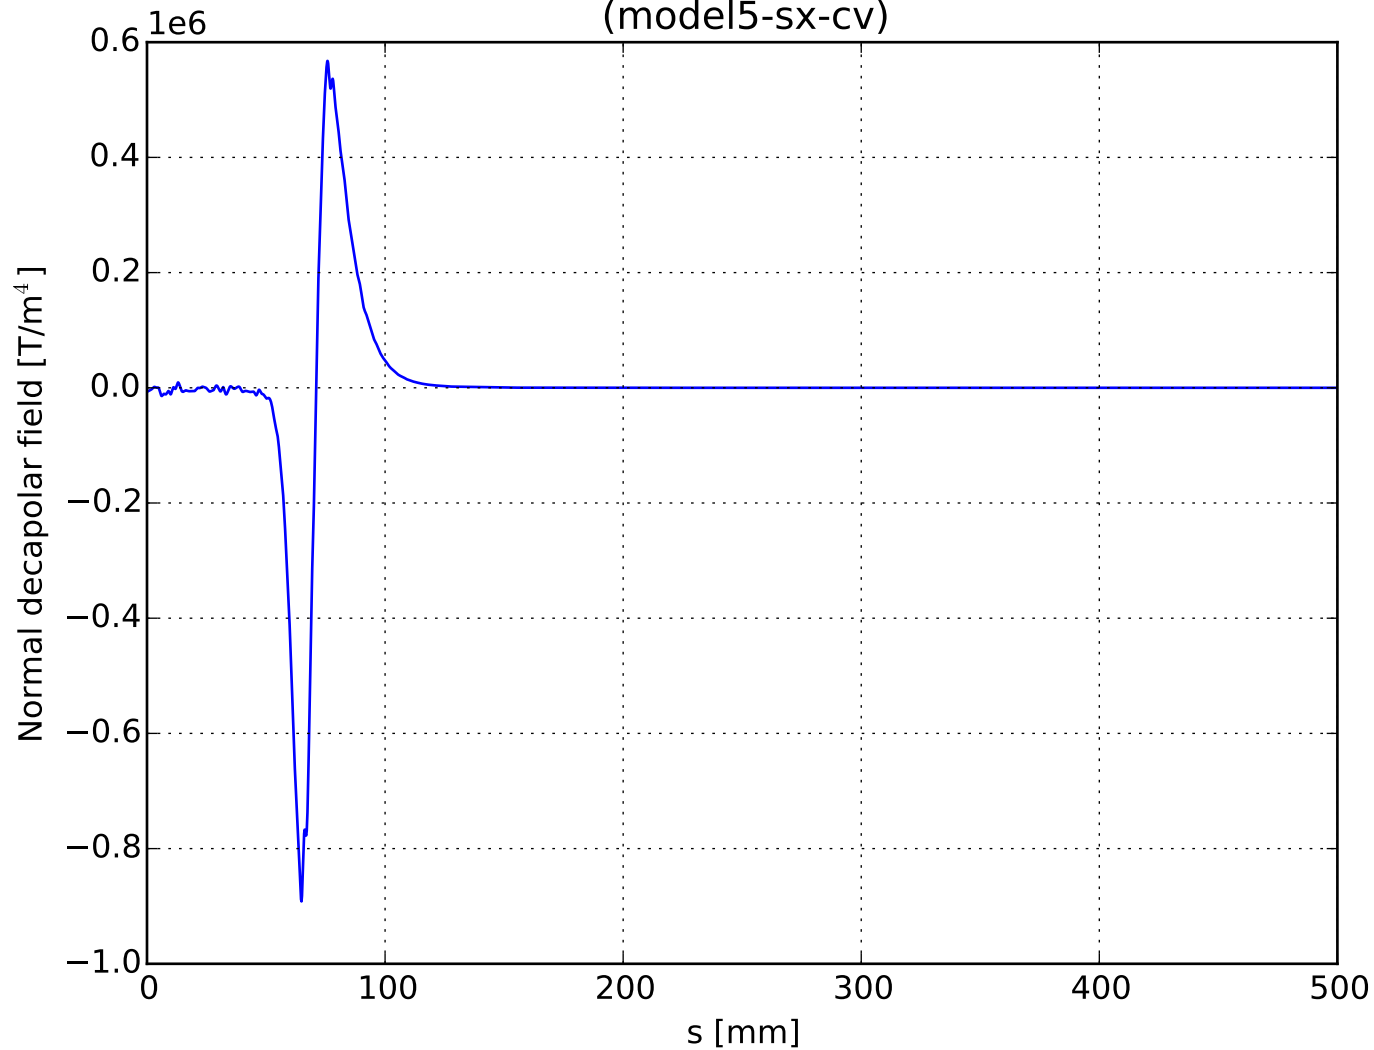

Normal dipolar field along trajectory  
(model5-sx-cv)

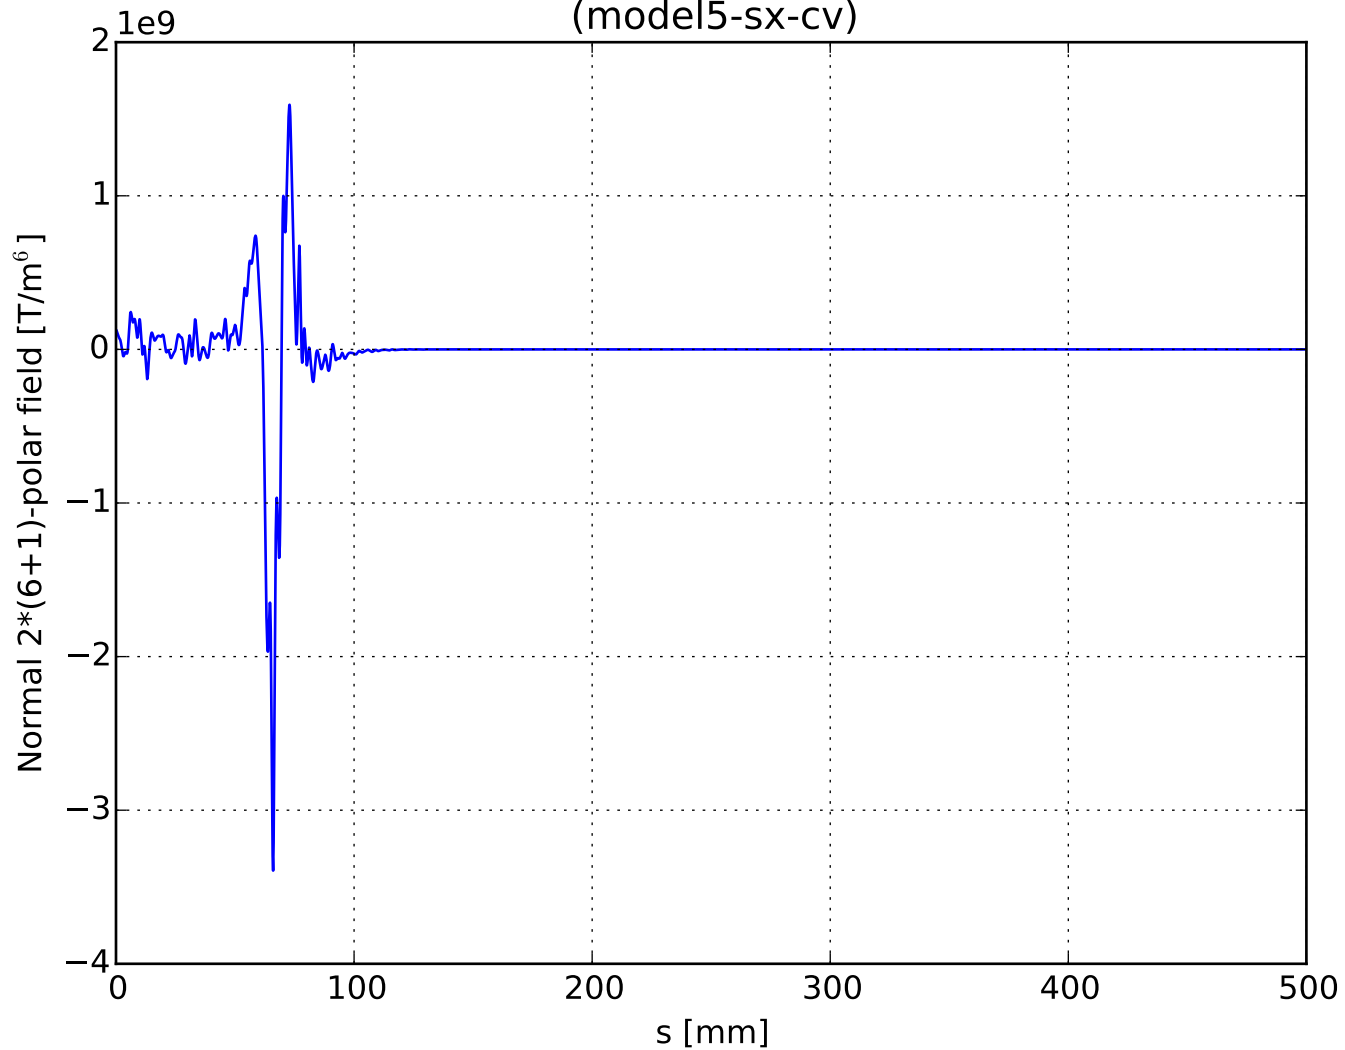

Normal sextupolar field along trajectory  
(model5-sx-cv)

Normal decapolar field along trajectory  
(model5-sx-cv)

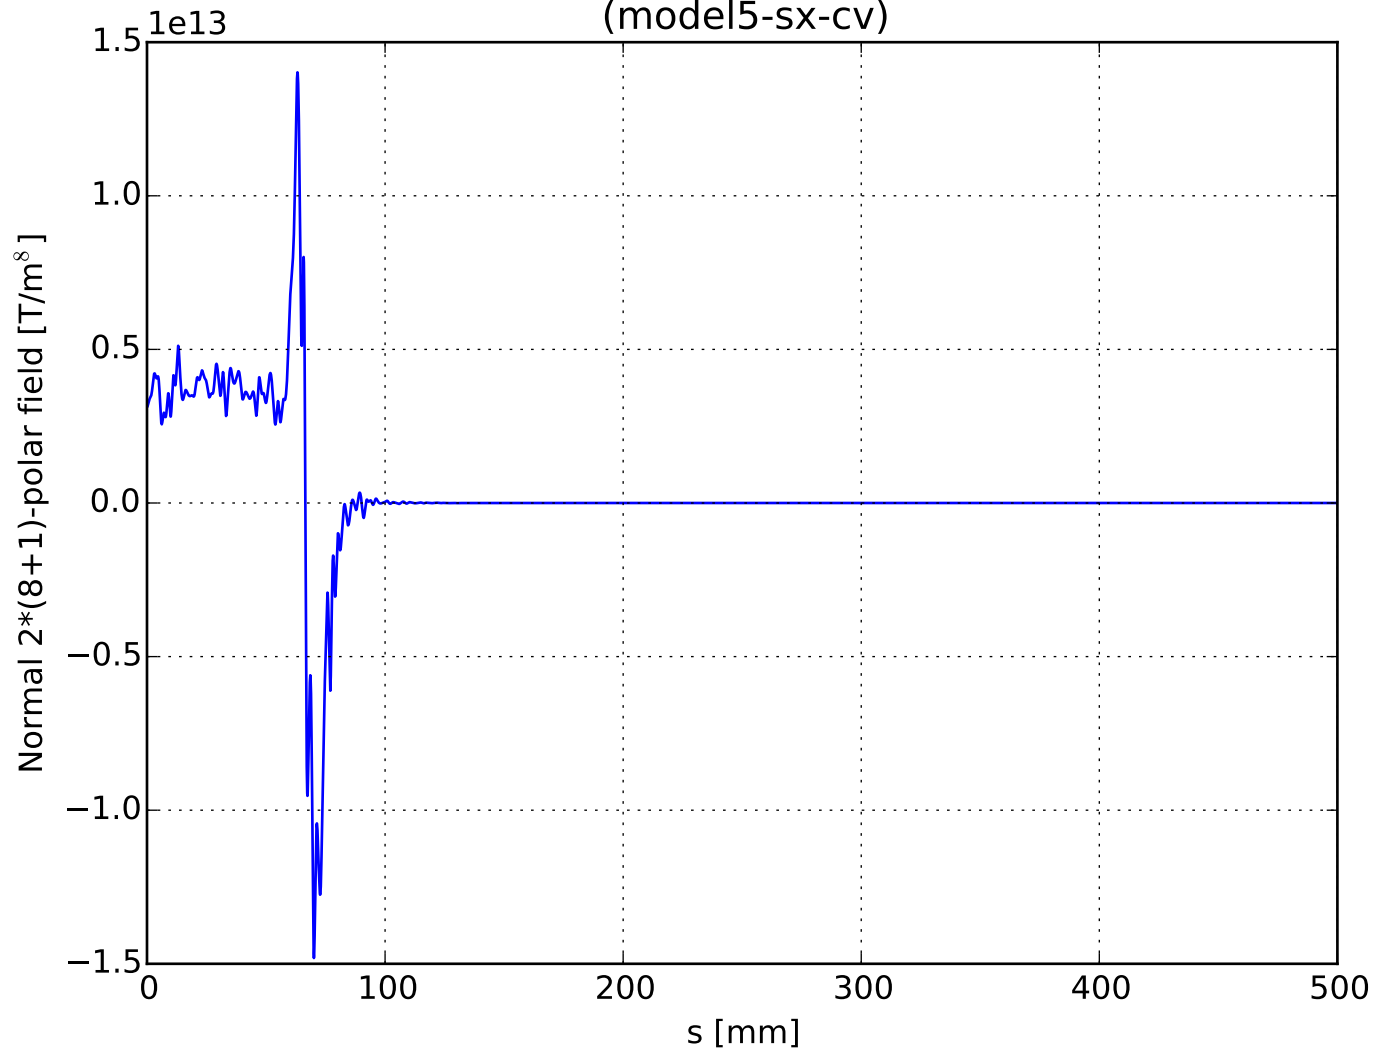

Normal  $2*(6+1)$ -polar field along trajectory  
(model5-sx-cv)

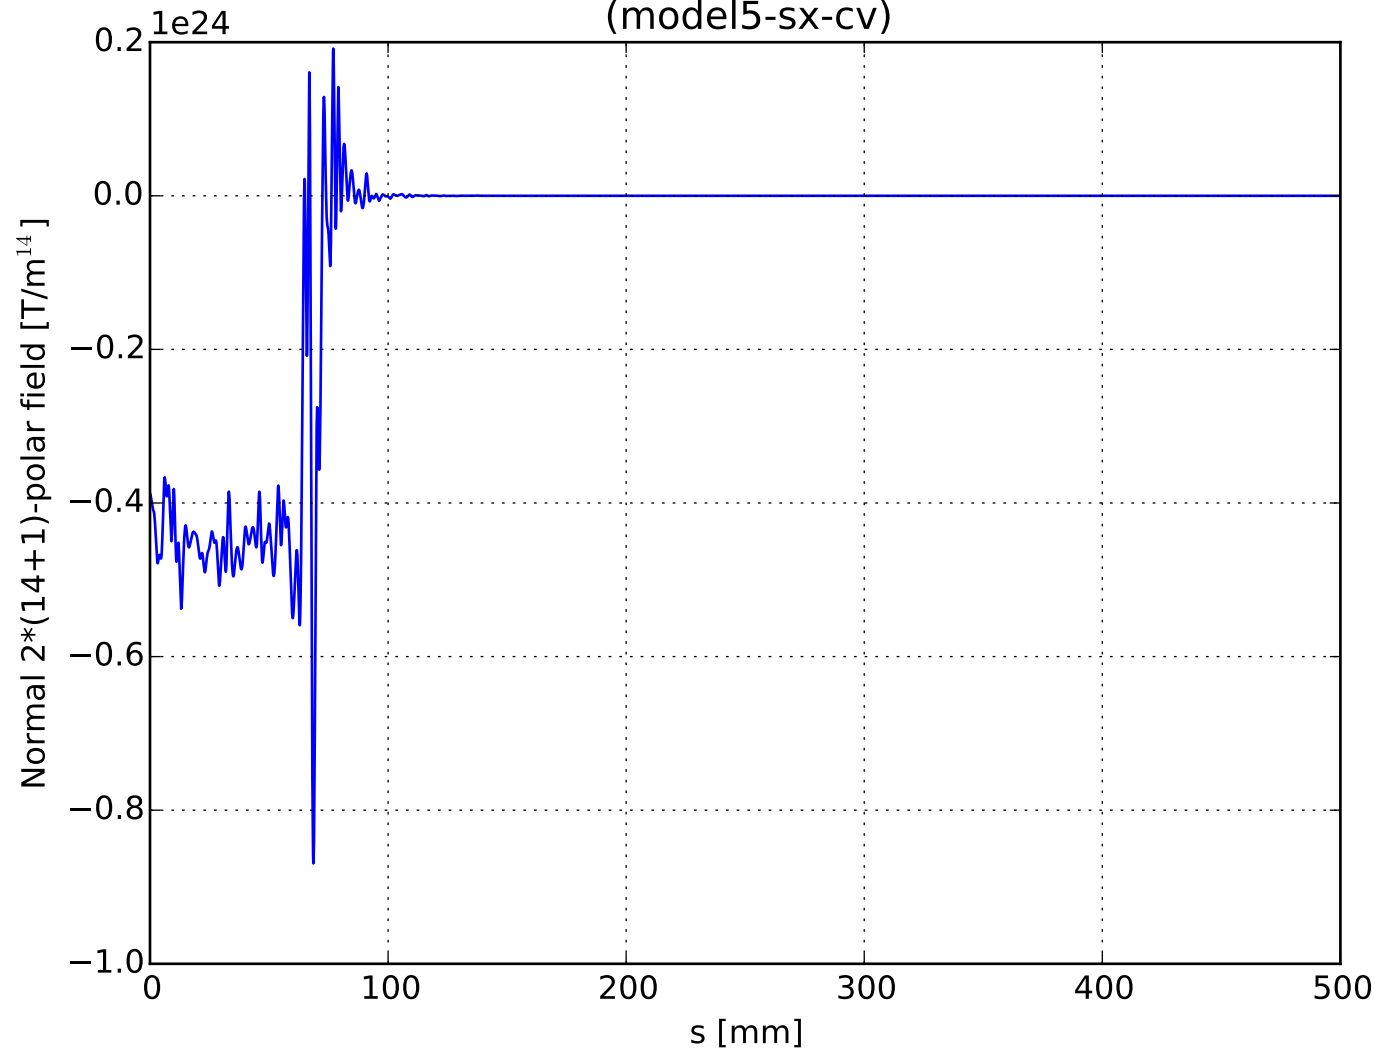

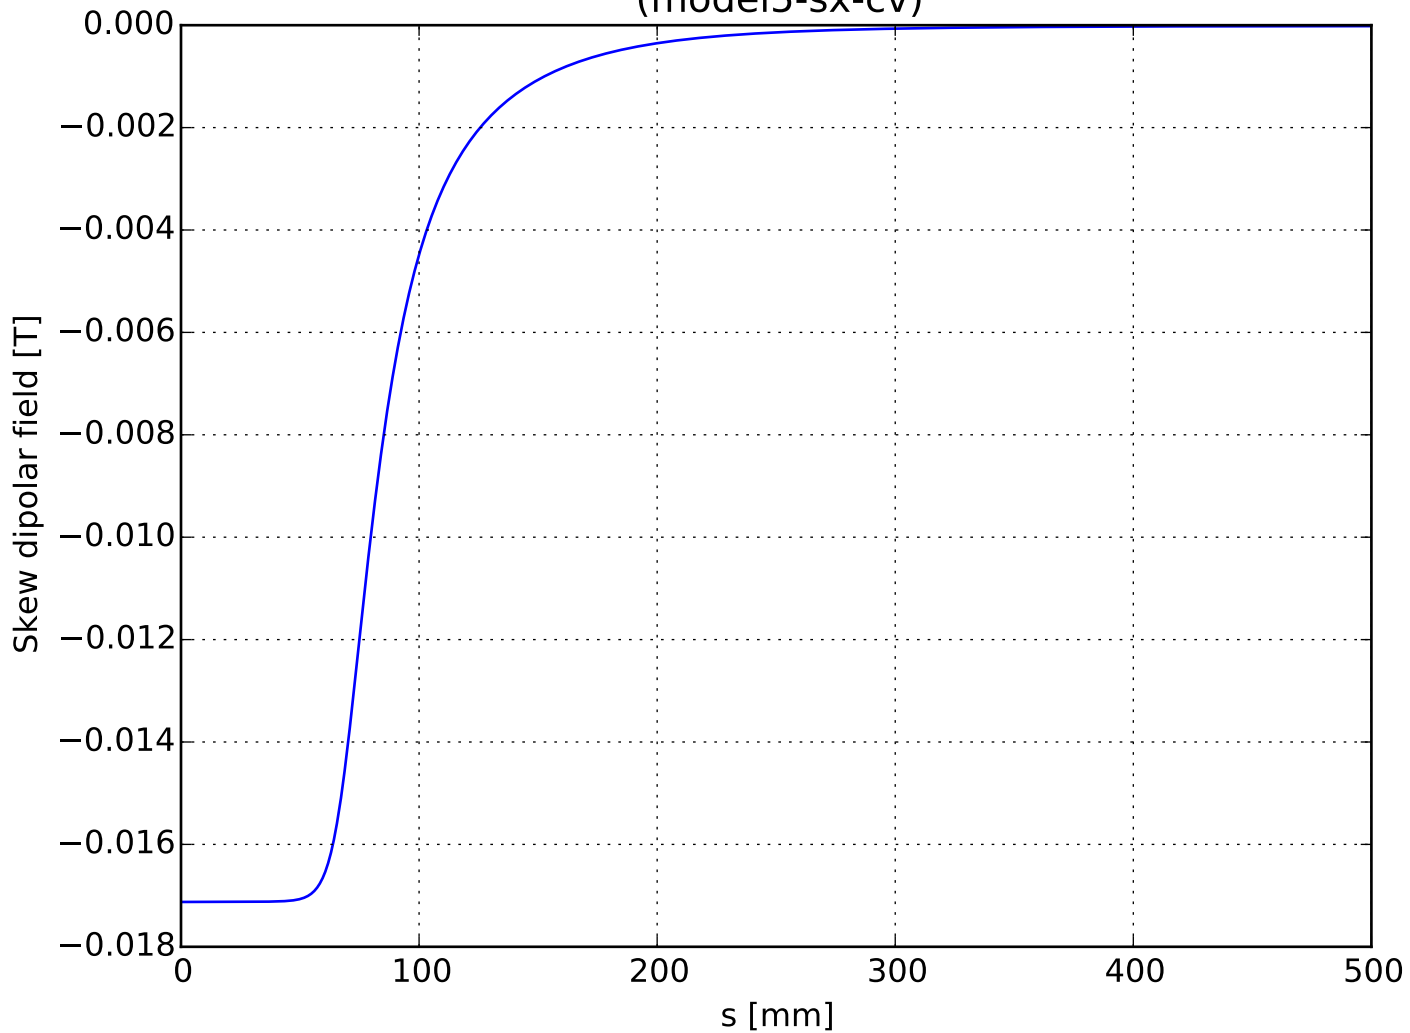

Normal  $2*(8+1)$ -polar field along trajectory  
(model5-sx-cv)

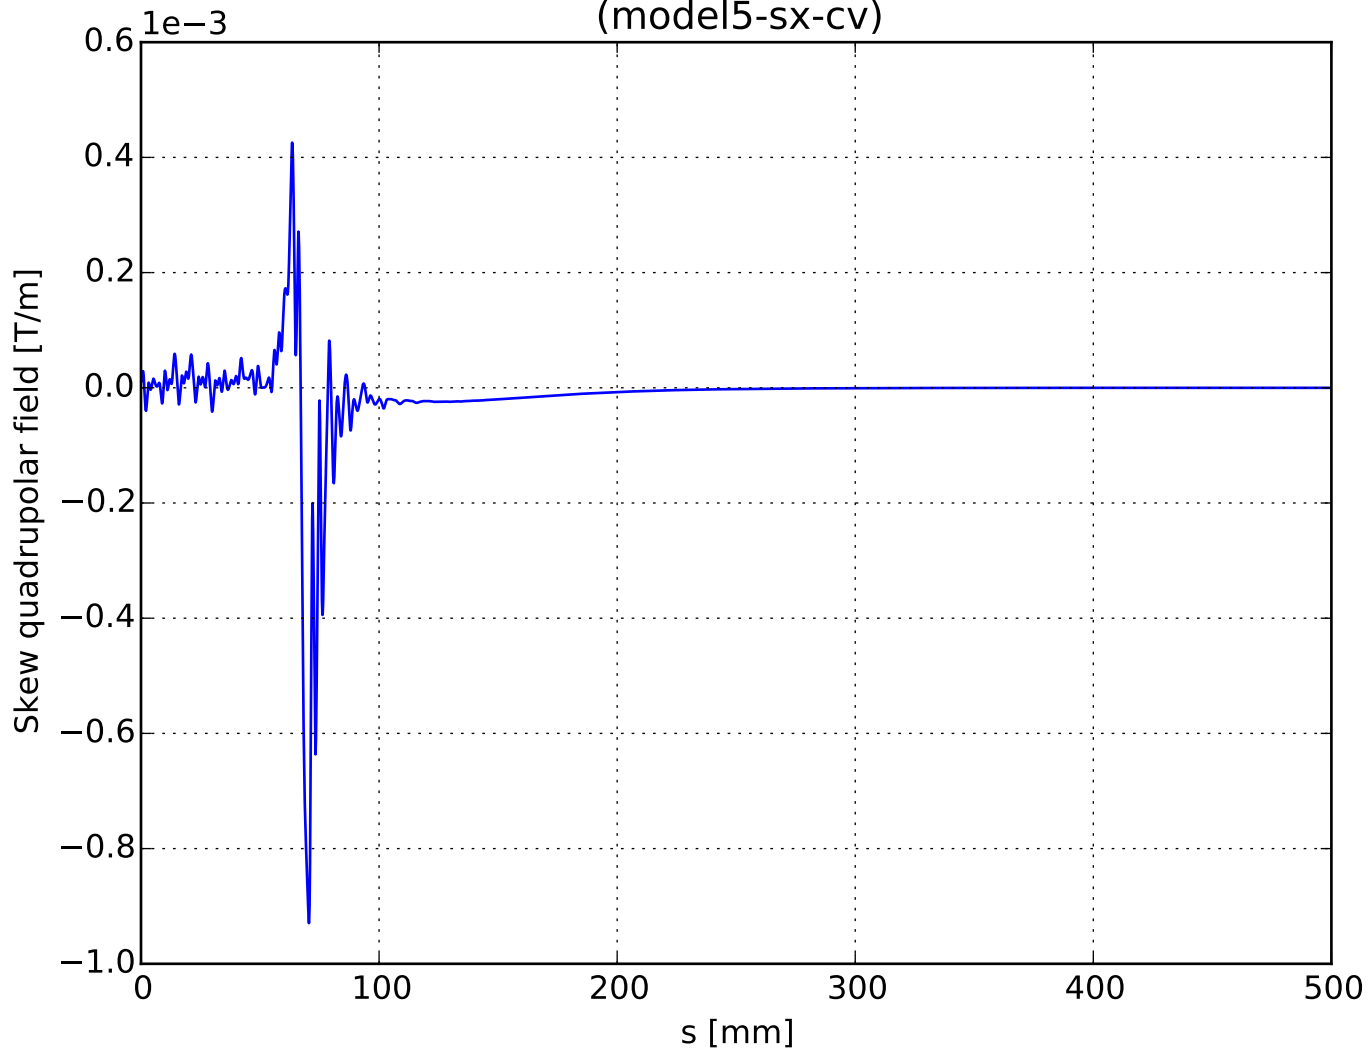

Normal  $2*(14+1)$ -polar field along trajectory  
(model5-sx-cv)

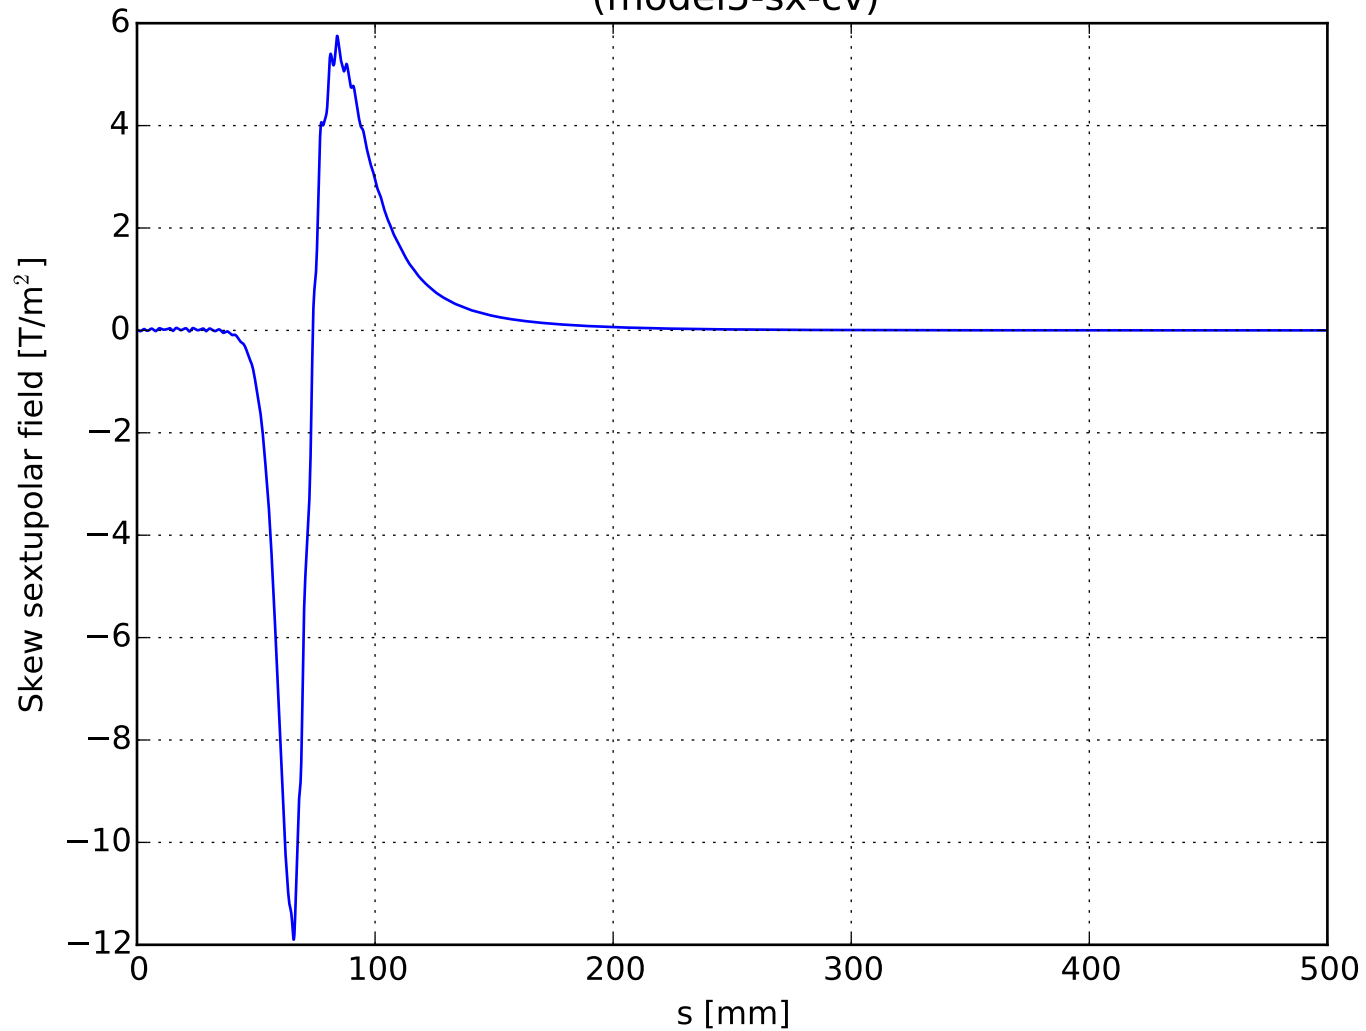

Skew dipolar field along trajectory  
(model5-sx-cv)

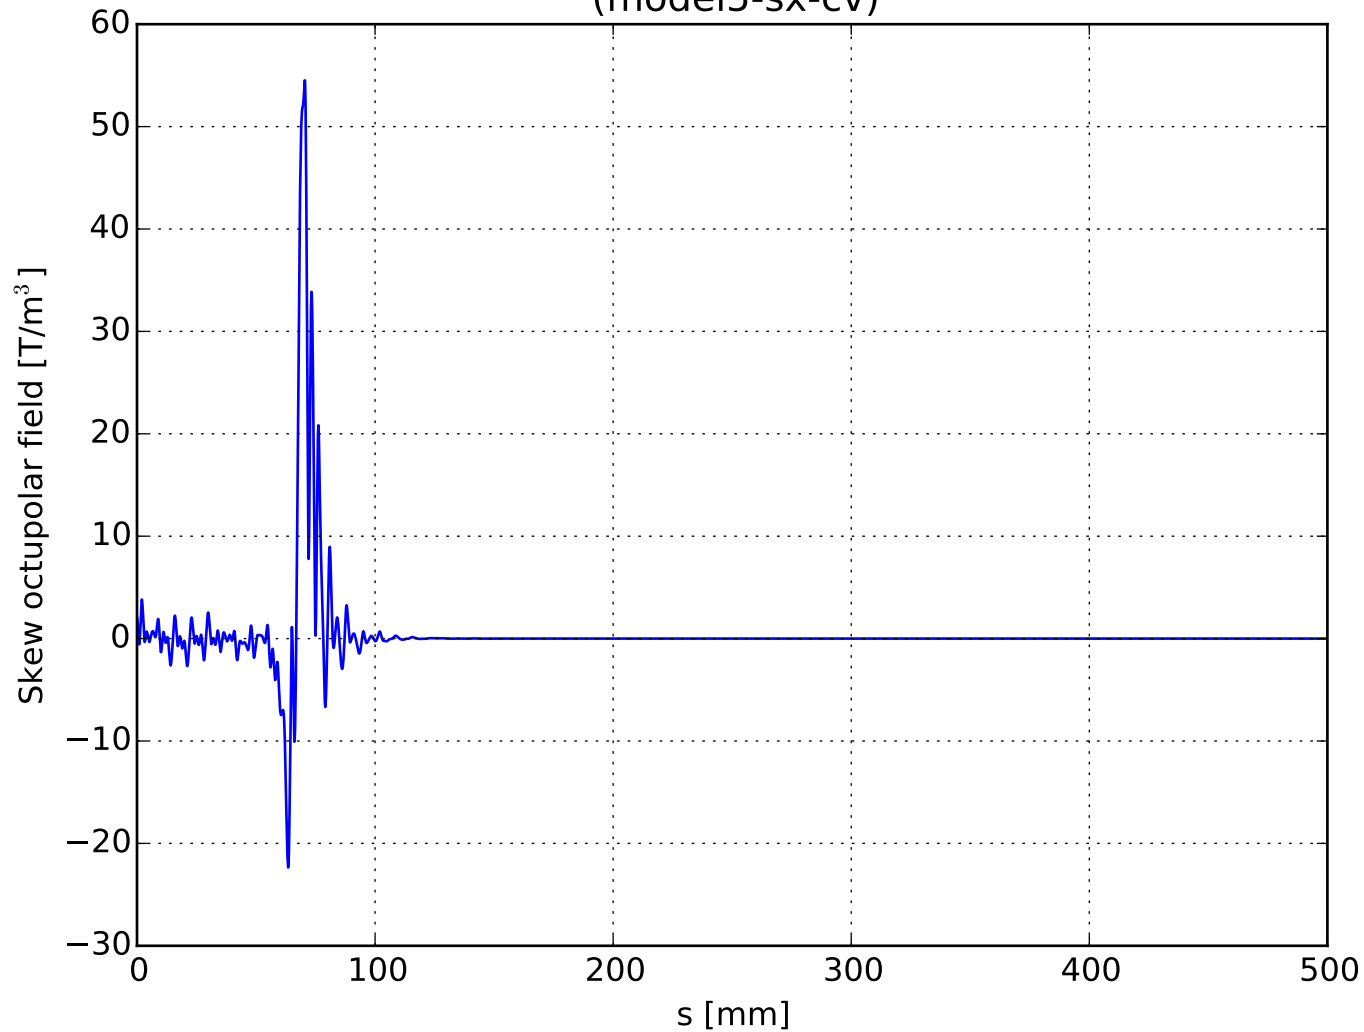

Skew quadrupolar field along trajectory  
(model5-sx-cv)

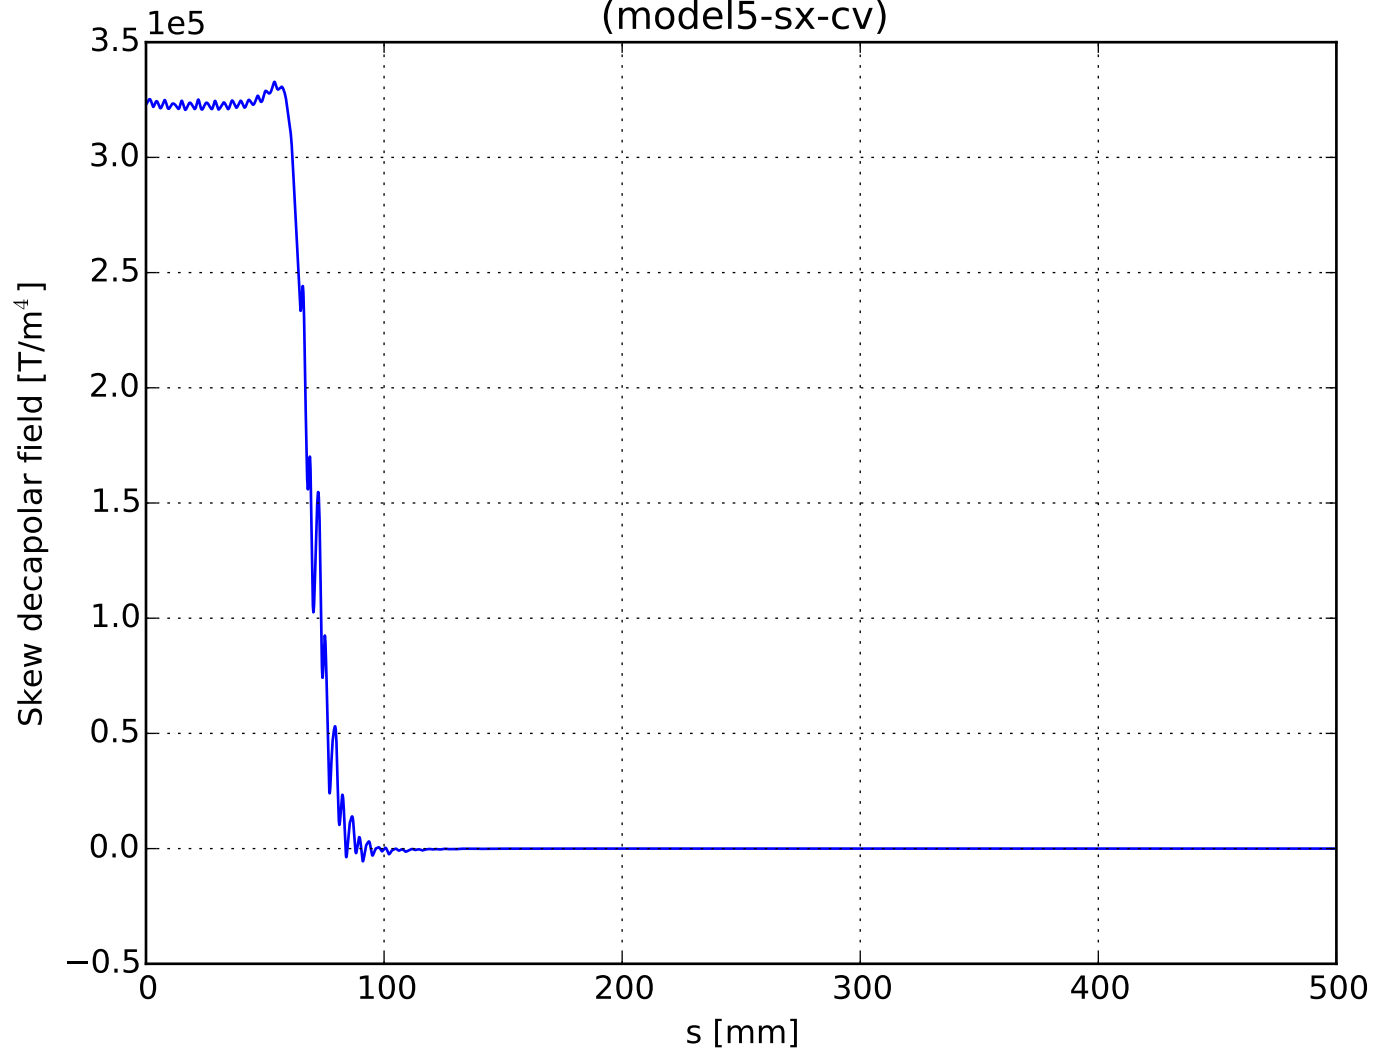

Skew sextupolar field along trajectory  
(model5-sx-cv)

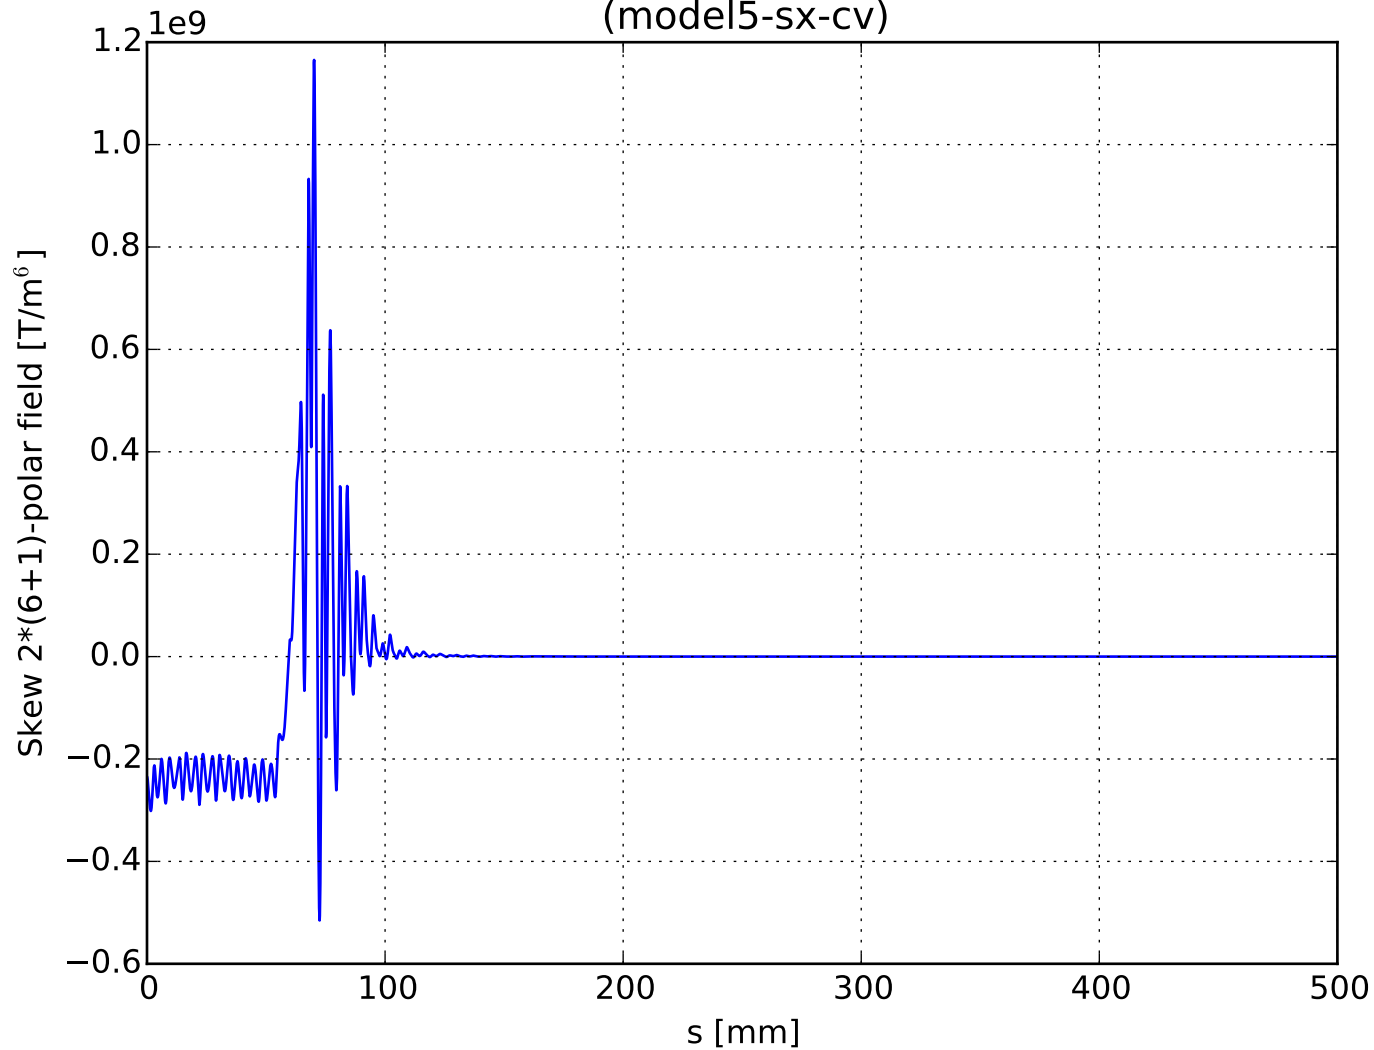

Skew octupolar field along trajectory  
(model5-sx-cv)

Skew decapolar field along trajectory  
(model5-sx-cv)

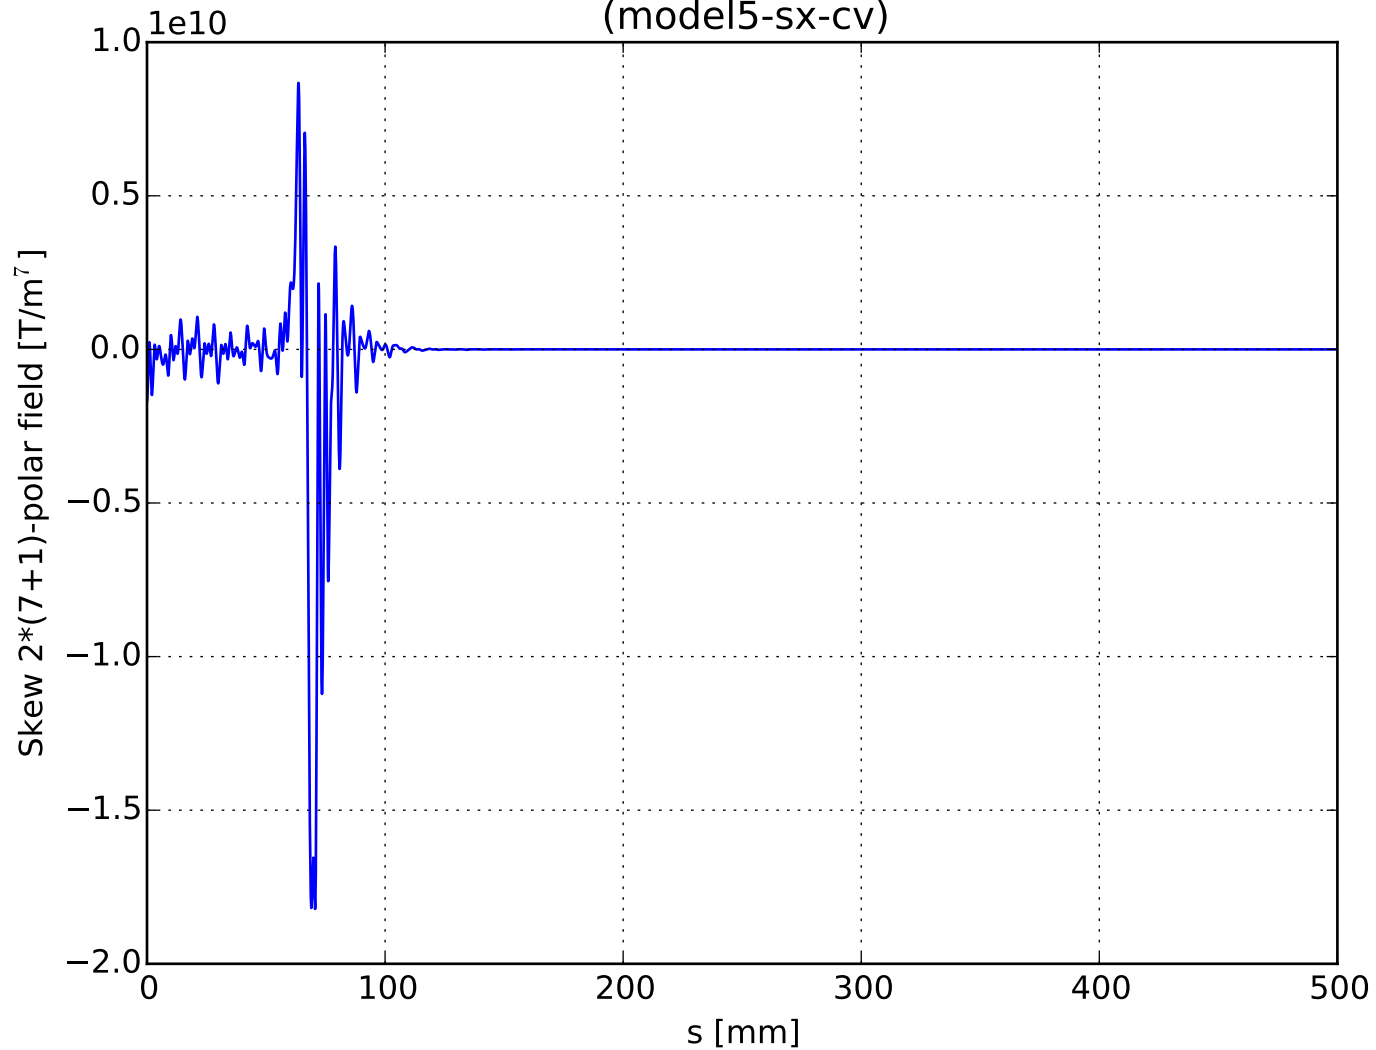

Skew  $2*(6+1)$ -polar field along trajectory  
(model5-sx-cv)

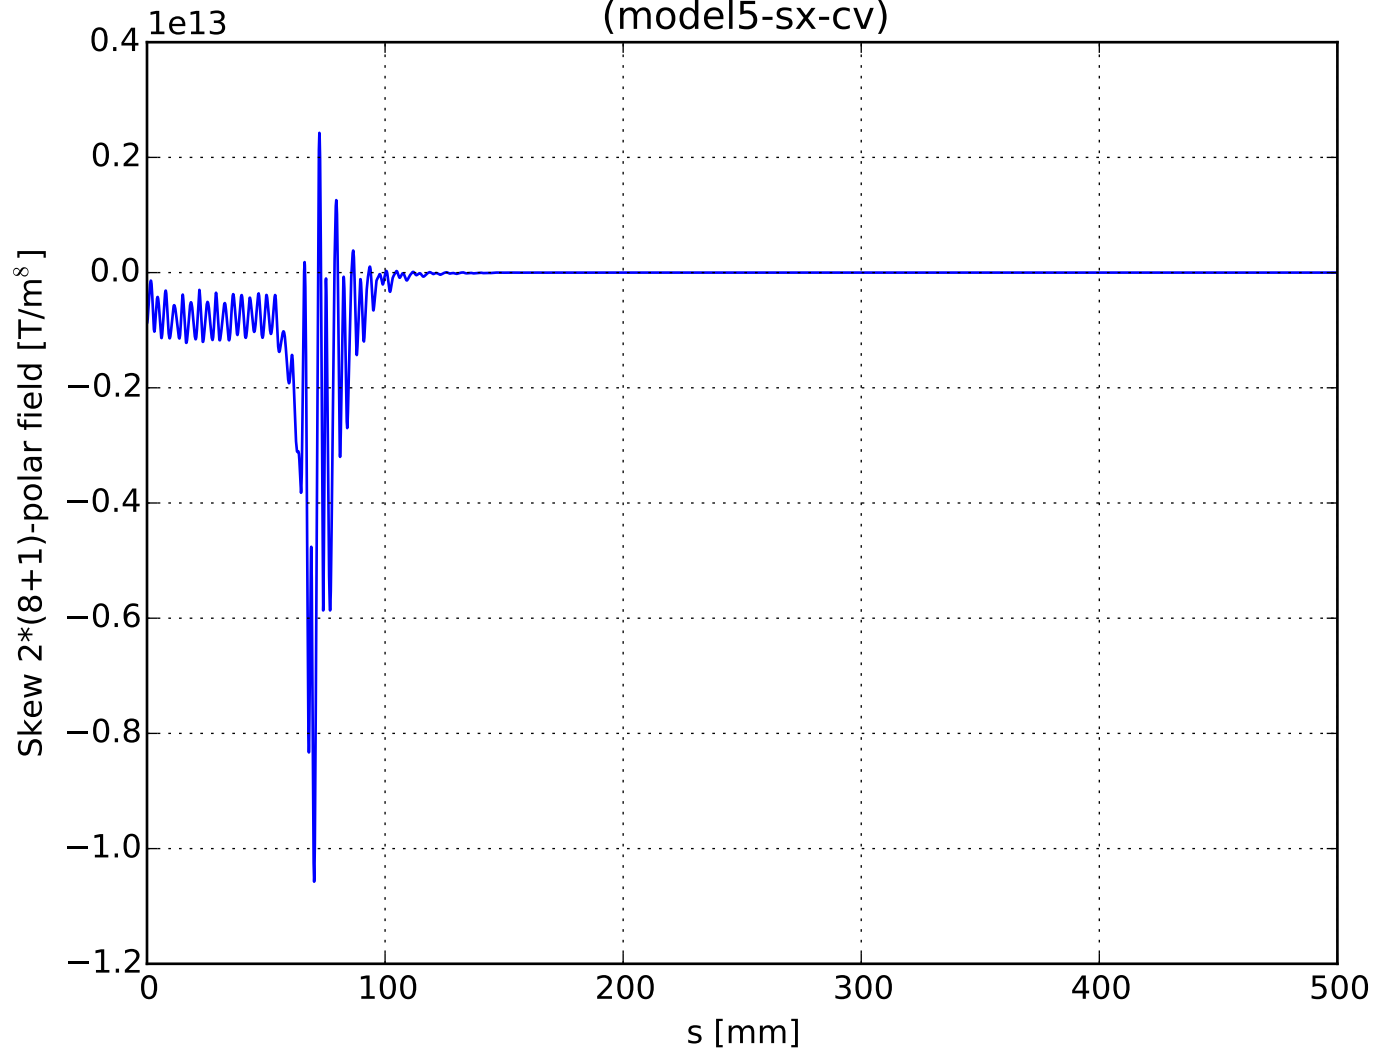

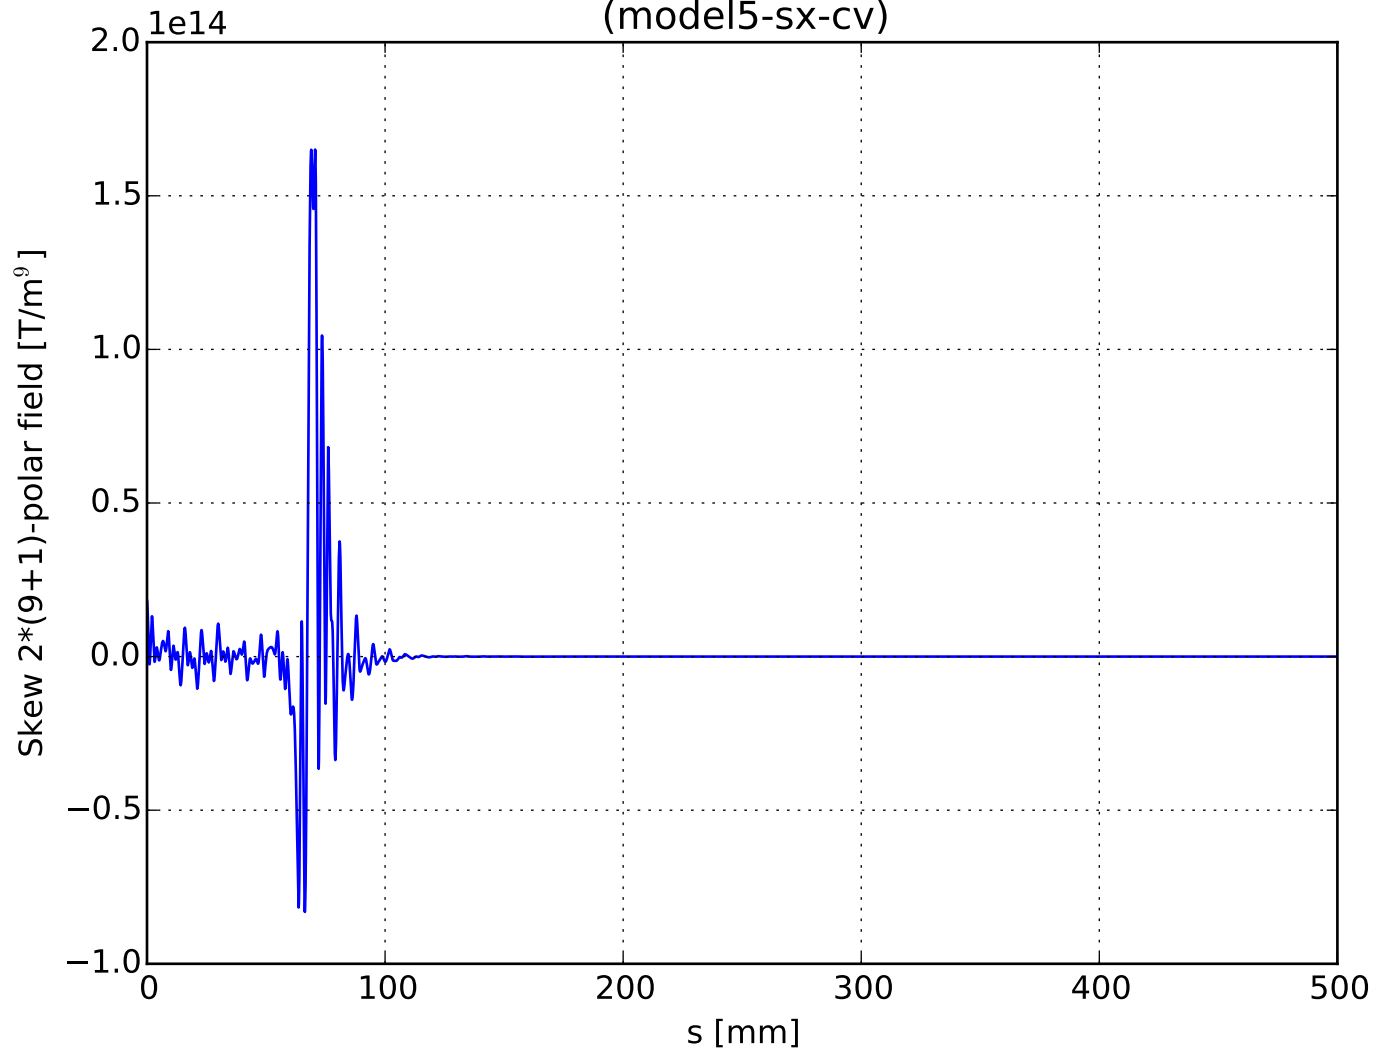

Skew  $2*(7+1)$ -polar field along trajectory  
(model5-sx-cv)

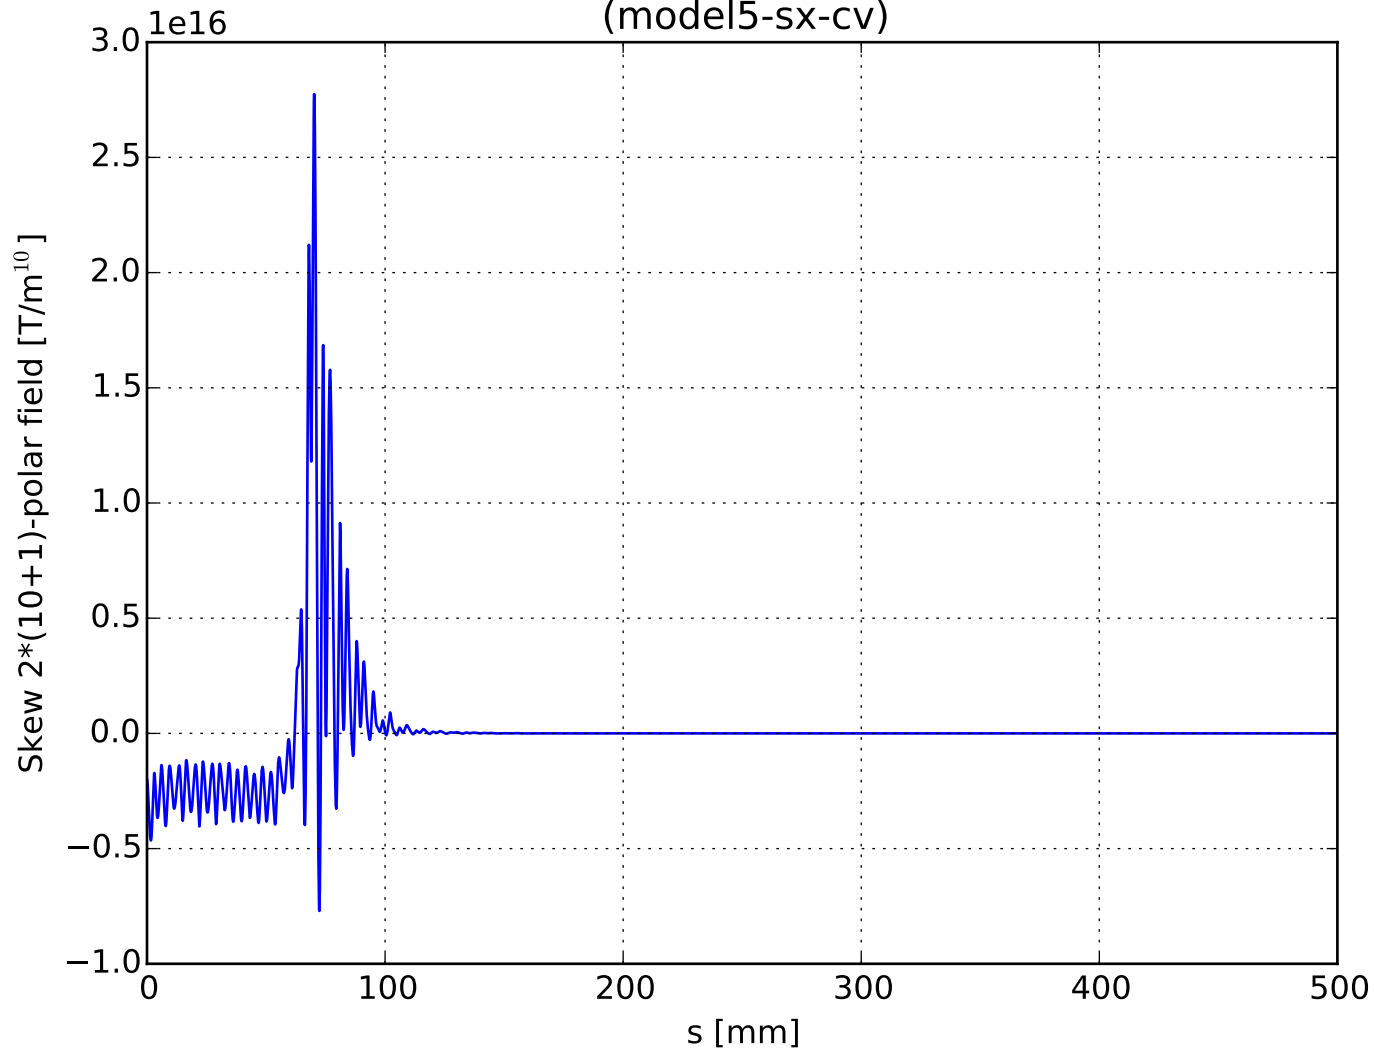

Skew  $2*(8+1)$ -polar field along trajectory  
(model5-sx-cv)

Skew  $2 \cdot (9+1)$ -polar field along trajectory  
(model5-sx-cv)

Skew  $2 \cdot (10+1)$ -polar field along trajectory  
(model5-sx-cv)

Skew  $2 \cdot (13+1)$ -polar field along trajectory  
(model5-sx-cv)
