

model1_sx
Longitudinal profile of vertical field

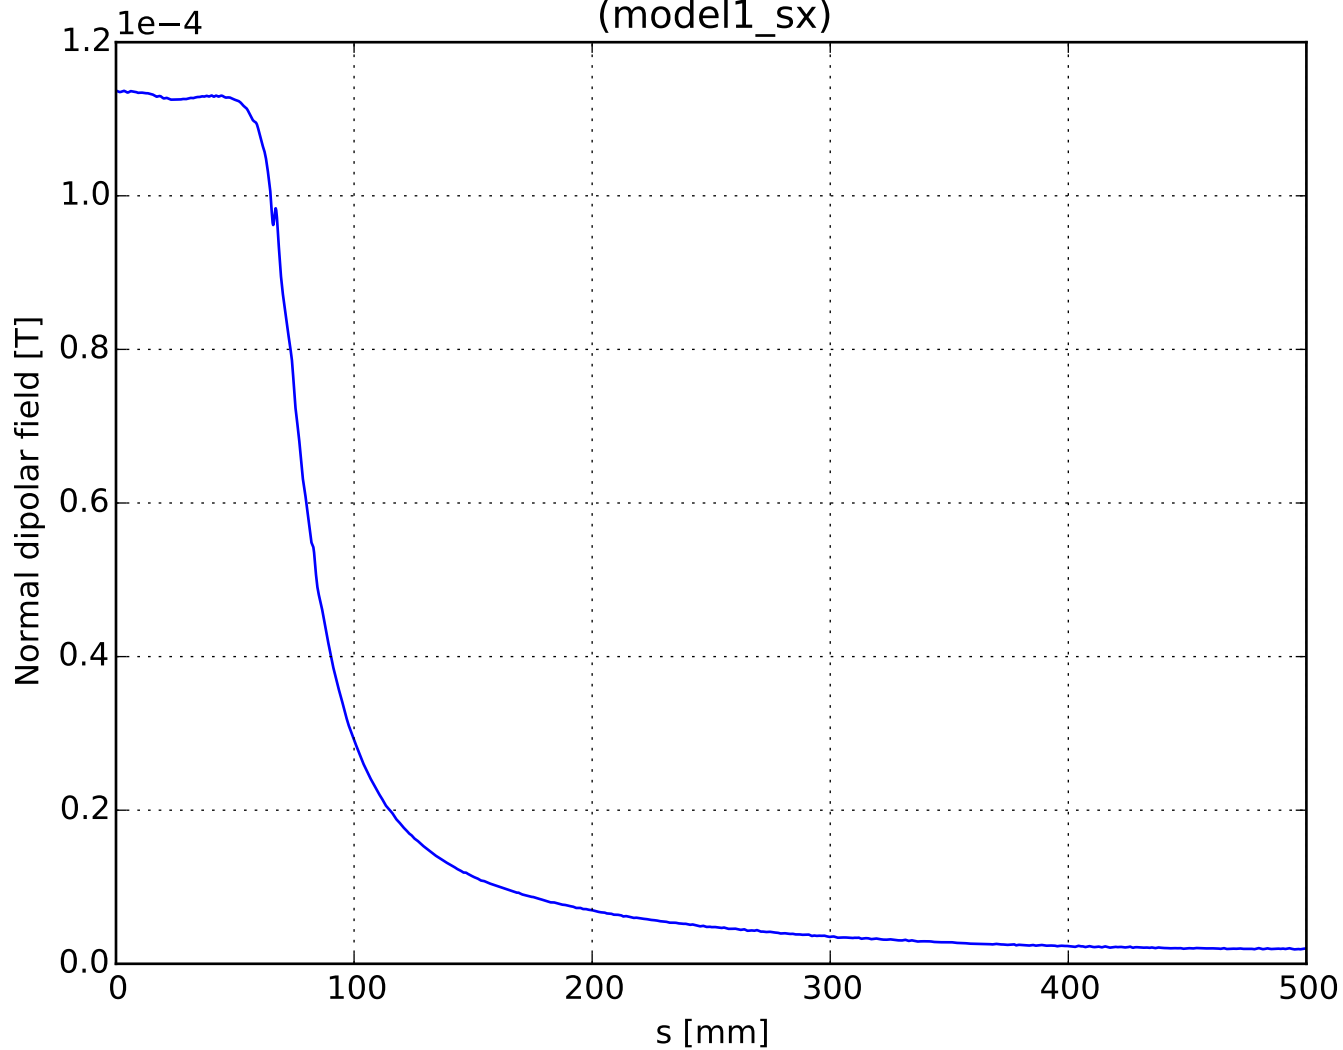

model1_sx
Transverse profile of vertical field

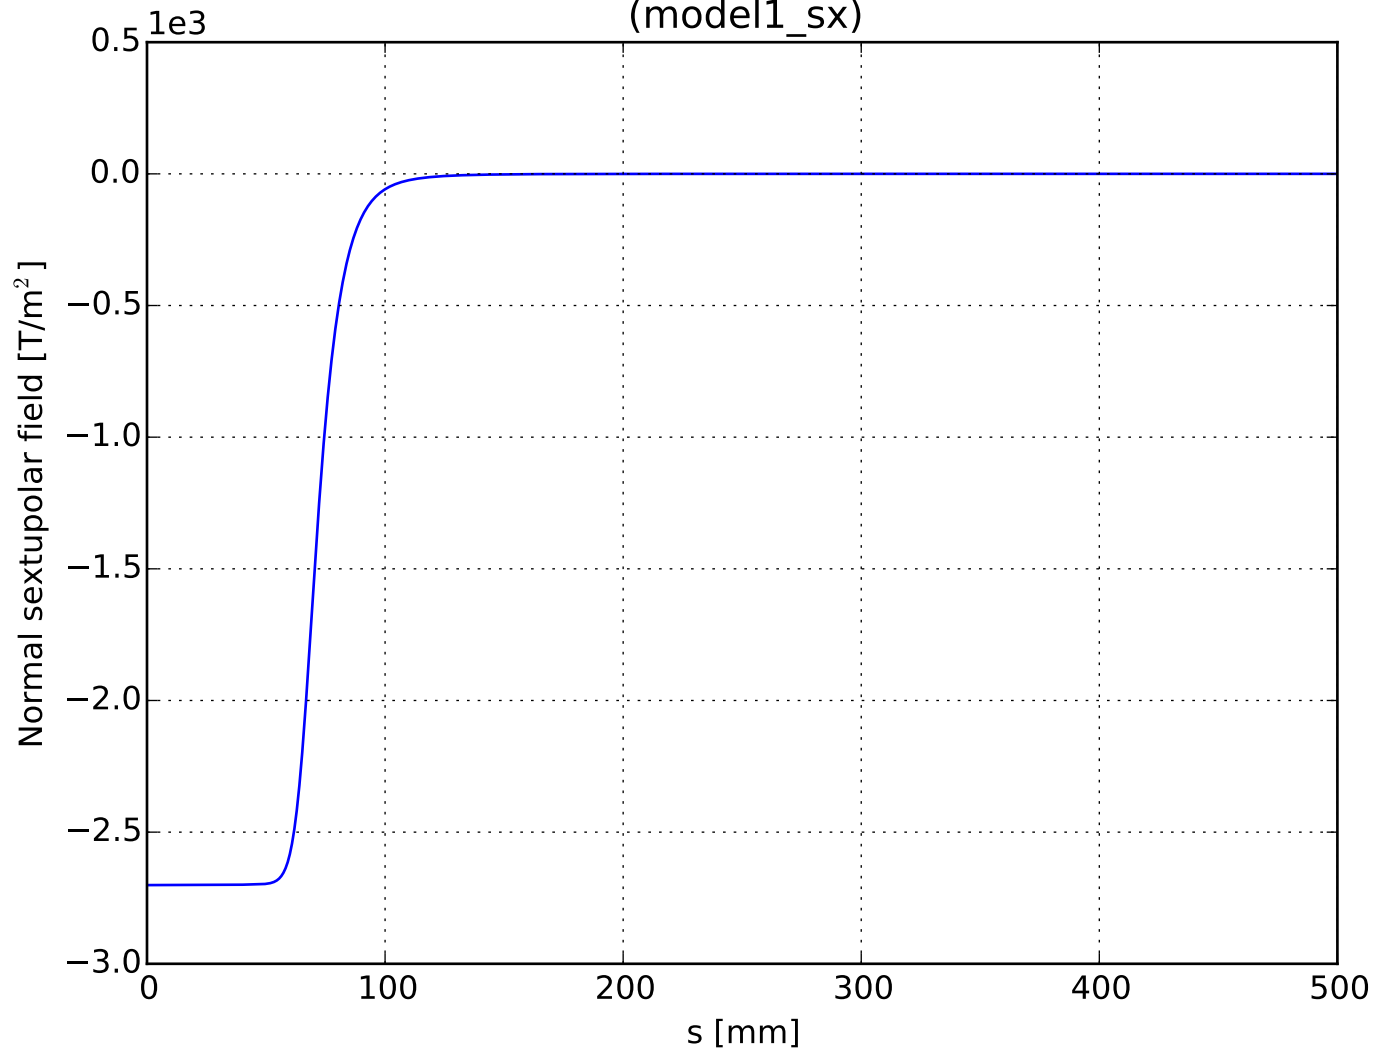

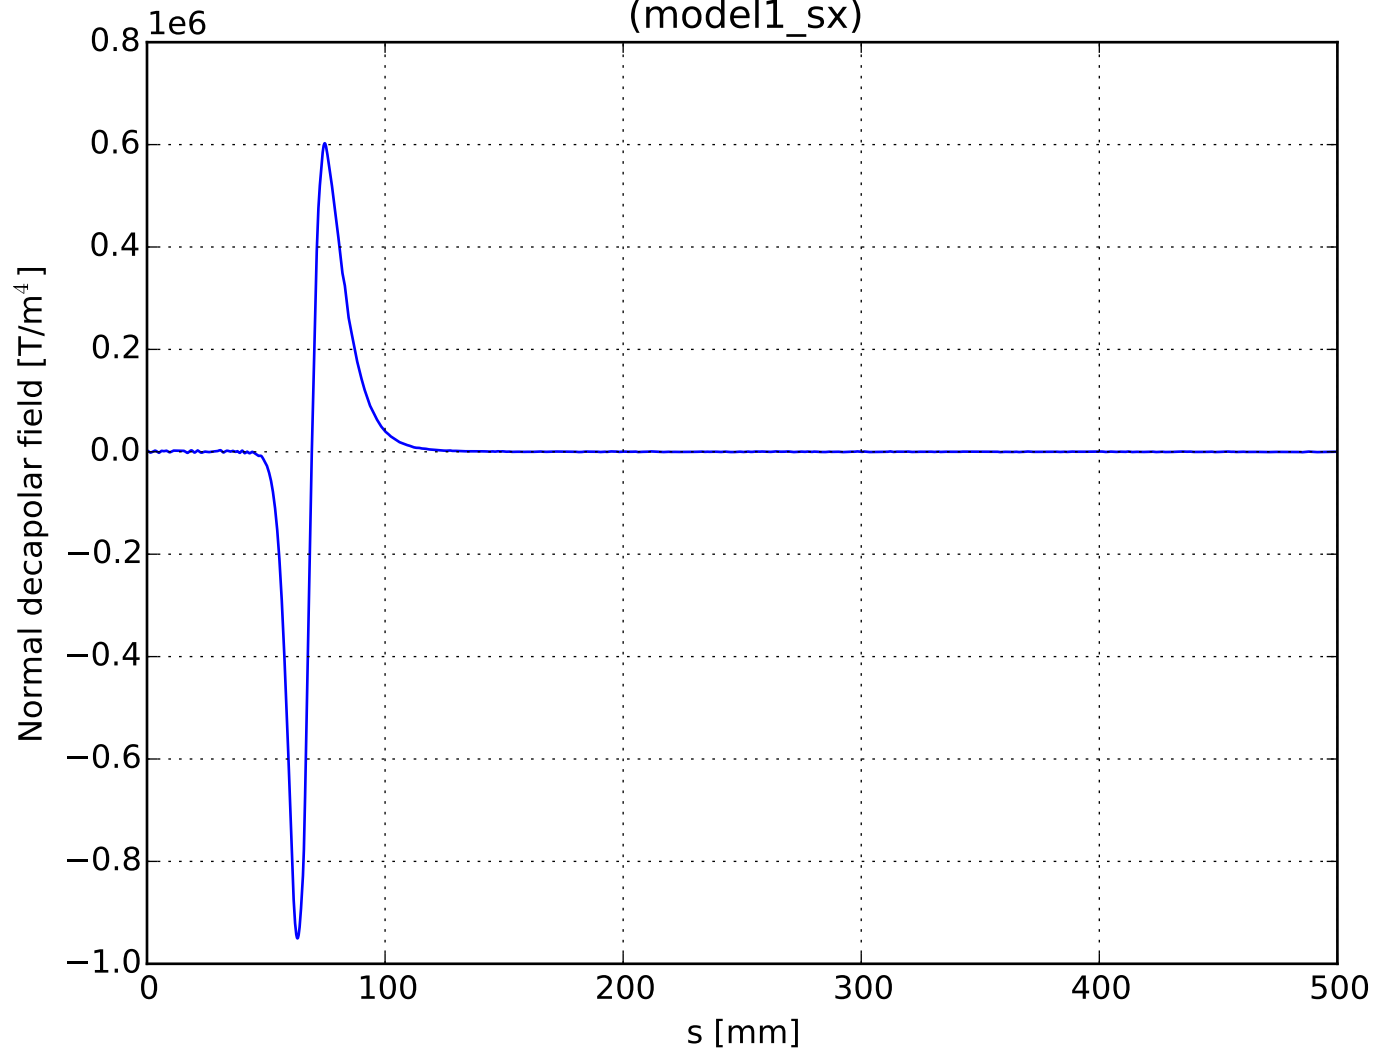

Normal dipolar field along trajectory
(model1_sx)

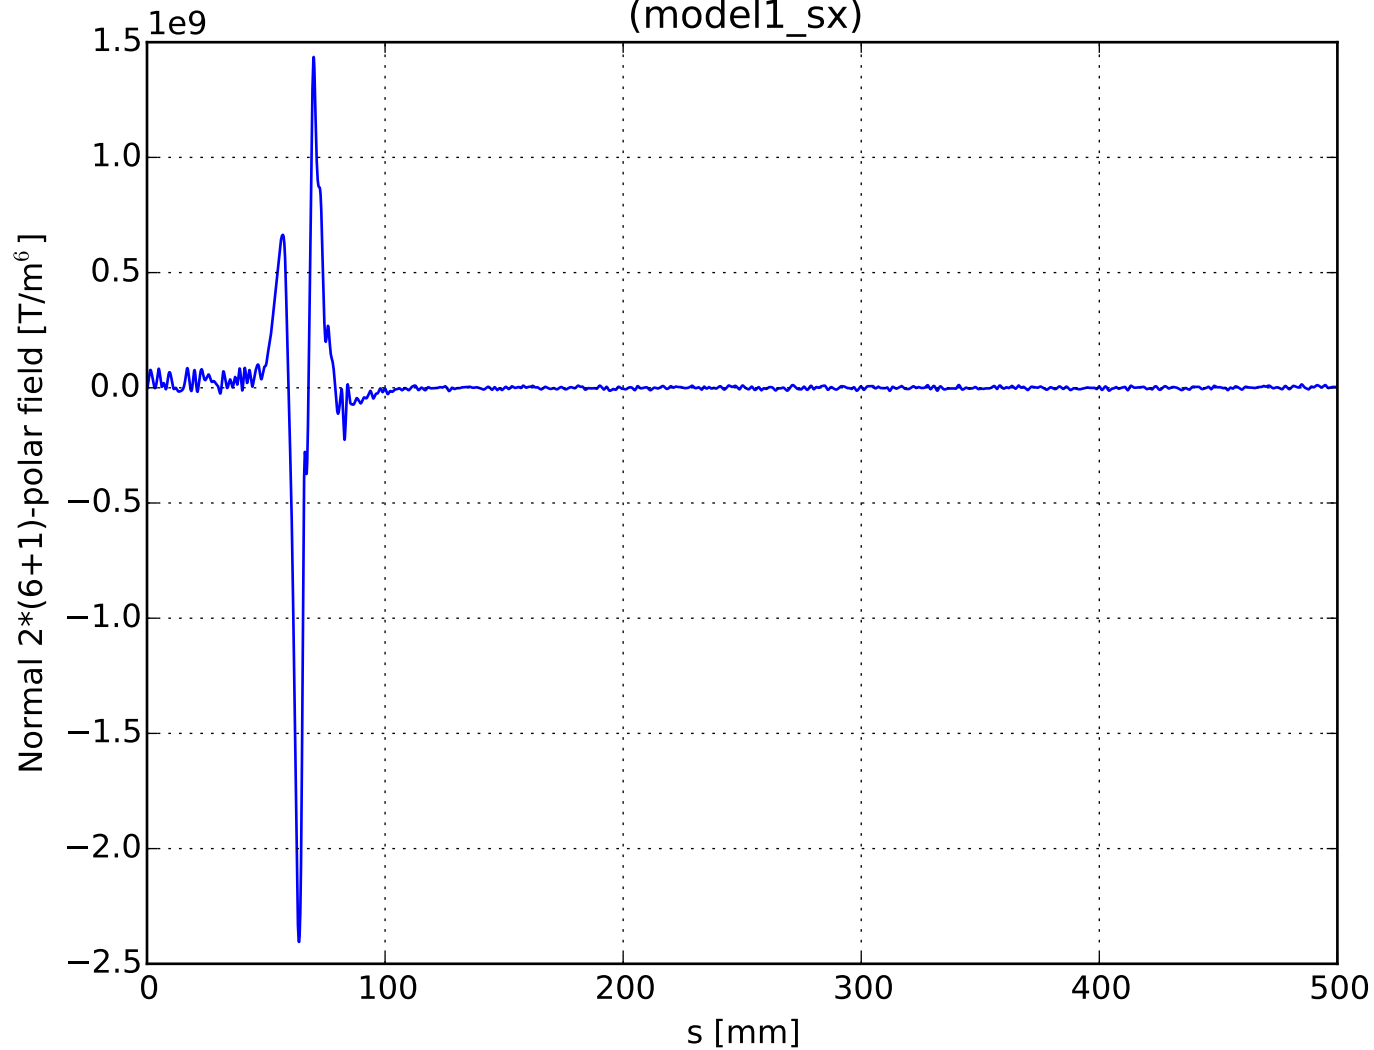

Normal sextupolar field along trajectory
(model1_sx)

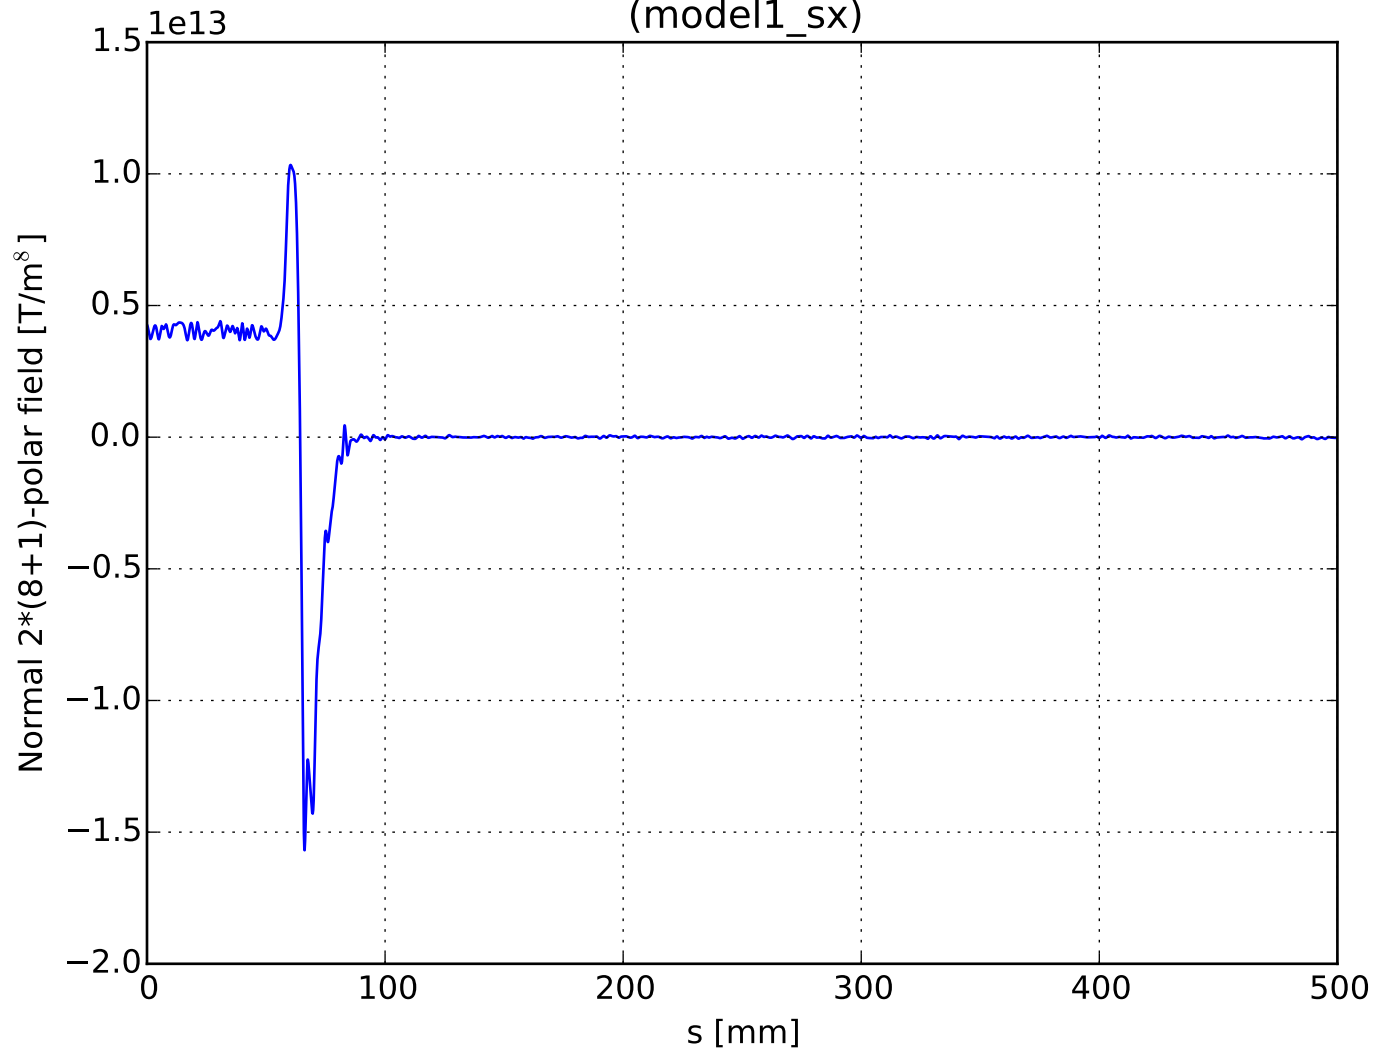

Normal decapolar field along trajectory
(model1_sx)

Normal $2*(6+1)$ -polar field along trajectory
(model1_sx)

Normal $2*(8+1)$ -polar field along trajectory
(model1_sx)

Normal $2*(14+1)$ -polar field along trajectory
(model1_sx)
