

model6-sx-ch  
Longitudinal profile of vertical field

model6-sx-ch  
Longitudinal profile of horizontal field

model6-sx-ch  
Transverse profile of vertical field

model6-sx-ch  
Transverse profile of horizontal field

Normal dipolar field along trajectory  
(model6-sx-ch)

Normal sextupolar field along trajectory  
(model6-sx-ch)

Normal decapolar field along trajectory  
(model6-sx-ch)

Normal  $2*(6+1)$ -polar field along trajectory  
(model6-sx-ch)

Normal  $2*(8+1)$ -polar field along trajectory  
(model6-sx-ch)

Normal  $2*(14+1)$ -polar field along trajectory  
(model6-sx-ch)

Skew dipolar field along trajectory  
(model6-sx-ch)

Skew quadrupolar field along trajectory  
(model6-sx-ch)

Skew sextupolar field along trajectory  
(model6-sx-ch)

Skew octupolar field along trajectory  
(model6-sx-ch)

Skew decapolar field along trajectory  
(model6-sx-ch)

Skew  $2*(6+1)$ -polar field along trajectory  
(model6-sx-ch)

Skew  $2*(7+1)$ -polar field along trajectory  
(model6-sx-ch)

Skew  $2*(8+1)$ -polar field along trajectory  
(model6-sx-ch)

Skew  $2*(9+1)$ -polar field along trajectory  
(model6-sx-ch)

Skew  $2 \cdot (10+1)$ -polar field along trajectory  
(model6-sx-ch)

Skew  $2 \cdot (13+1)$ -polar field along trajectory  
(model6-sx-ch)
