

Longitudinal profile of vertical field

sx\_model2\_ch  
Transverse profile of vertical field

Normal dipolar field along trajectory  
(sx\_model2\_ch)

Normal sextupolar field along trajectory  
(sx\_model2\_ch)

Normal decapolar field along trajectory  
(sx\_model2\_ch)

Normal  $2 \cdot (6+1)$ -polar field along trajectory  
(sx\_model2\_ch)

Normal  $2*(8+1)$ -polar field along trajectory  
(sx\_model2\_ch)

Normal  $2*(14+1)$ -polar field along trajectory  
(sx\_model2\_ch)

Skew dipolar field along trajectory  
(sx\_model2\_ch)

Skew quadrupolar field along trajectory  
(sx\_model2\_ch)

Skew sextupolar field along trajectory  
(sx\_model2\_ch)

Skew octupolar field along trajectory  
(sx\_model2\_ch)

Skew decapolar field along trajectory  
(sx\_model2\_ch)

Skew  $2 \cdot (6+1)$ -polar field along trajectory  
(sx\_model2\_ch)

Skew  $2*(7+1)$ -polar field along trajectory  
(sx\_model2\_ch)

Skew  $2*(8+1)$ -polar field along trajectory  
(sx\_model2\_ch)

Skew  $2 \cdot (9+1)$ -polar field along trajectory  
(sx\_model2\_ch)

Skew  $2 \cdot (10+1)$ -polar field along trajectory  
(sx\_model2\_ch)

Skew  $2*(13+1)$ -polar field along trajectory  
(sx\_model2\_ch)
