

model1\_sx\_skew  
Longitudinal profile of vertical field

model1\_sx\_skew  
Transverse profile of vertical field

Normal dipolar field along trajectory  
(model1\_sx\_skew)

Normal sextupolar field along trajectory  
(model1\_sx\_skew)

Normal decapolar field along trajectory  
(model1\_sx\_skew)

Normal  $2 \cdot (6+1)$ -polar field along trajectory  
(model1\_sx\_skew)

Normal  $2*(8+1)$ -polar field along trajectory  
(model1\_sx\_skew)

Normal  $2*(14+1)$ -polar field along trajectory  
(model1\_sx\_skew)

Skew quadrupolar field along trajectory  
(model1\_sx\_skew)

Skew octupolar field along trajectory  
(model1\_sx\_skew)

Skew  $2 \cdot (7+1)$ -polar field along trajectory  
(model1\_sx\_skew)

Skew  $2 \cdot (9+1)$ -polar field along trajectory  
(model1\_sx\_skew)

Skew  $2*(13+1)$ -polar field along trajectory  
(model1\_sx\_skew)
