

model07-sx  
Longitudinal profile of vertical field

model07-sx

Longitudinal profile of horizontal field

model07-sx  
Transverse profile of vertical field

model07-sx

Transverse profile of horizontal field

Normal dipolar field along trajectory  
(model07-sx)

Normal sextupolar field along trajectory  
(model07-sx)

Normal decapolar field along trajectory  
(model07-sx)

Normal  $2*(6+1)$ -polar field along trajectory  
(model07-sx)

Normal  $2*(8+1)$ -polar field along trajectory  
(model07-sx)

Normal  $2*(14+1)$ -polar field along trajectory  
(model07-sx)

Skew dipolar field along trajectory  
(model07-sx)

Skew quadrupolar field along trajectory  
(model07-sx)

Skew sextupolar field along trajectory  
(model07-sx)

Skew octupolar field along trajectory  
(model07-sx)

Skew decapolar field along trajectory  
(model07-sx)

Skew  $2^*(6+1)$ -polar field along trajectory  
(model07-sx)

Skew  $2 \cdot (7+1)$ -polar field along trajectory  
(model07-sx)

Skew  $2*(8+1)$ -polar field along trajectory  
(model07-sx)

Skew  $2 \cdot (9+1)$ -polar field along trajectory  
(model07-sx)

Skew  $2 \cdot (10+1)$ -polar field along trajectory  
(model07-sx)

Skew  $2 \cdot (13+1)$ -polar field along trajectory  
(model07-sx)
