

sx_model1_cv
Longitudinal profile of vertical field

sx_model1_cv
Transverse profile of vertical field

Normal dipolar field along trajectory
(sx_model1_cv)

Normal sextupolar field along trajectory
(sx_model1_cv)

Normal decapolar field along trajectory
(sx_model1_cv)

Normal $2 \cdot (6+1)$ -polar field along trajectory
(sx_model1_cv)

Normal $2 \cdot (8+1)$ -polar field along trajectory
(sx_model1_cv)

Normal $2*(14+1)$ -polar field along trajectory
(sx_model1_cv)

Skew dipolar field along trajectory
(sx_model1_cv)

Skew sextupolar field along trajectory
(sx_model1_cv)

Skew decapolar field along trajectory
(sx_model1_cv)

Skew $2*(6+1)$ -polar field along trajectory
(sx_model1_cv)

Skew $2 \cdot (8+1)$ -polar field along trajectory
(sx_model1_cv)

Skew $2 \cdot (10+1)$ -polar field along trajectory
(sx_model1_cv)
