

sx_model2_skew
Longitudinal profile of vertical field

sx_model2_skew
Transverse profile of vertical field

Normal dipolar field along trajectory
(sx_model2_skew)

Normal sextupolar field along trajectory
(sx_model2_skew)

Normal decapolar field along trajectory
(sx_model2_skew)

Normal $2*(6+1)$ -polar field along trajectory
(sx_model2_skew)

Normal $2*(8+1)$ -polar field along trajectory
(sx_model2_skew)

Normal $2*(14+1)$ -polar field along trajectory
(sx_model2_skew)

Skew dipolar field along trajectory
(sx_model2_skew)

Skew quadrupolar field along trajectory
(sx_model2_skew)

Skew sextupolar field along trajectory
(sx_model2_skew)

Skew octupolar field along trajectory
(sx_model2_skew)

Skew decapolar field along trajectory
(sx_model2_skew)

Skew $2*(6+1)$ -polar field along trajectory
(sx_model2_skew)

Skew $2 \cdot (7+1)$ -polar field along trajectory
(sx_model2_skew)

Skew $2*(8+1)$ -polar field along trajectory
(sx_model2_skew)

Skew $2 \cdot (9+1)$ -polar field along trajectory
(sx_model2_skew)

Skew $2 \cdot (10+1)$ -polar field along trajectory
(sx_model2_skew)

Skew $2 \cdot (13+1)$ -polar field along trajectory
(sx_model2_skew)
