

si-s_model3_sx-cv
Longitudinal profile of vertical field

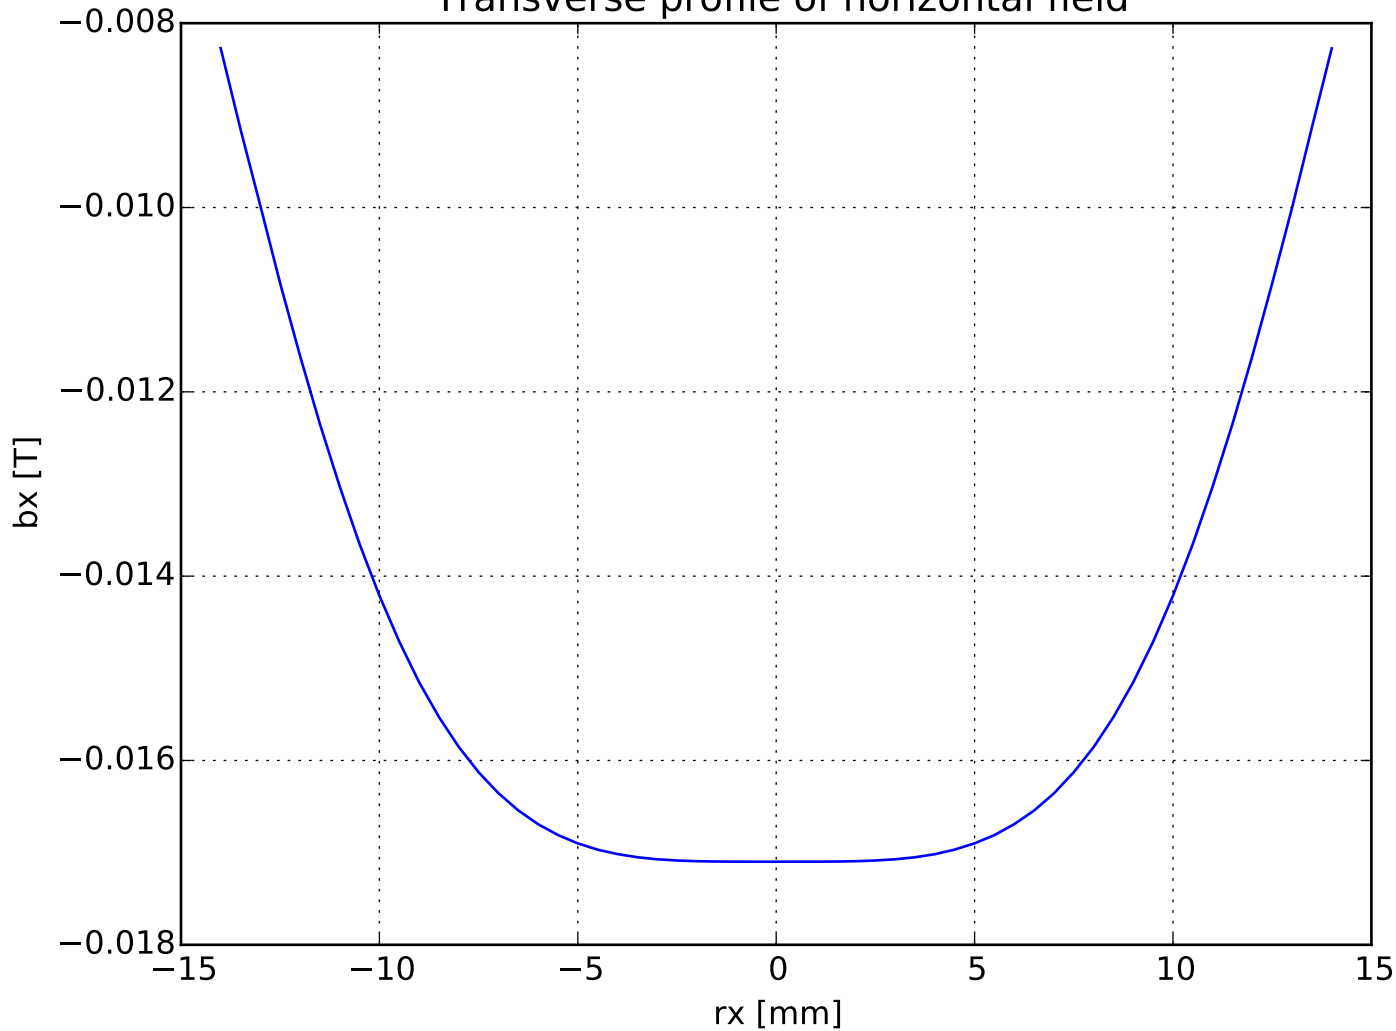

si-s_model3_sx-cv
Longitudinal profile of horizontal field

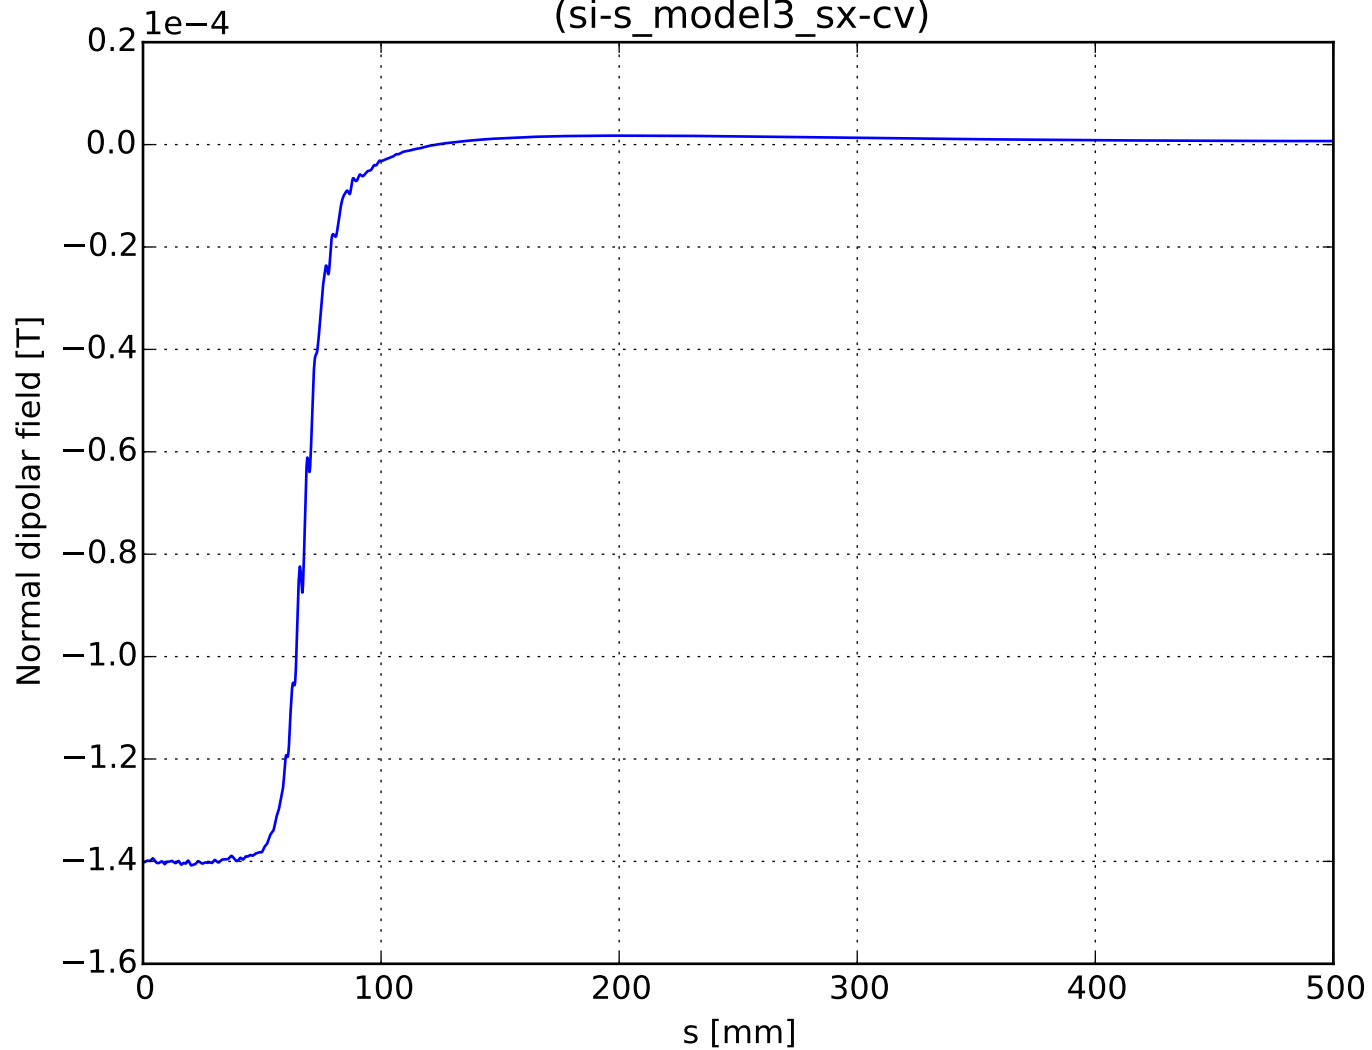

si-s_model3_sx-cv
Transverse profile of vertical field

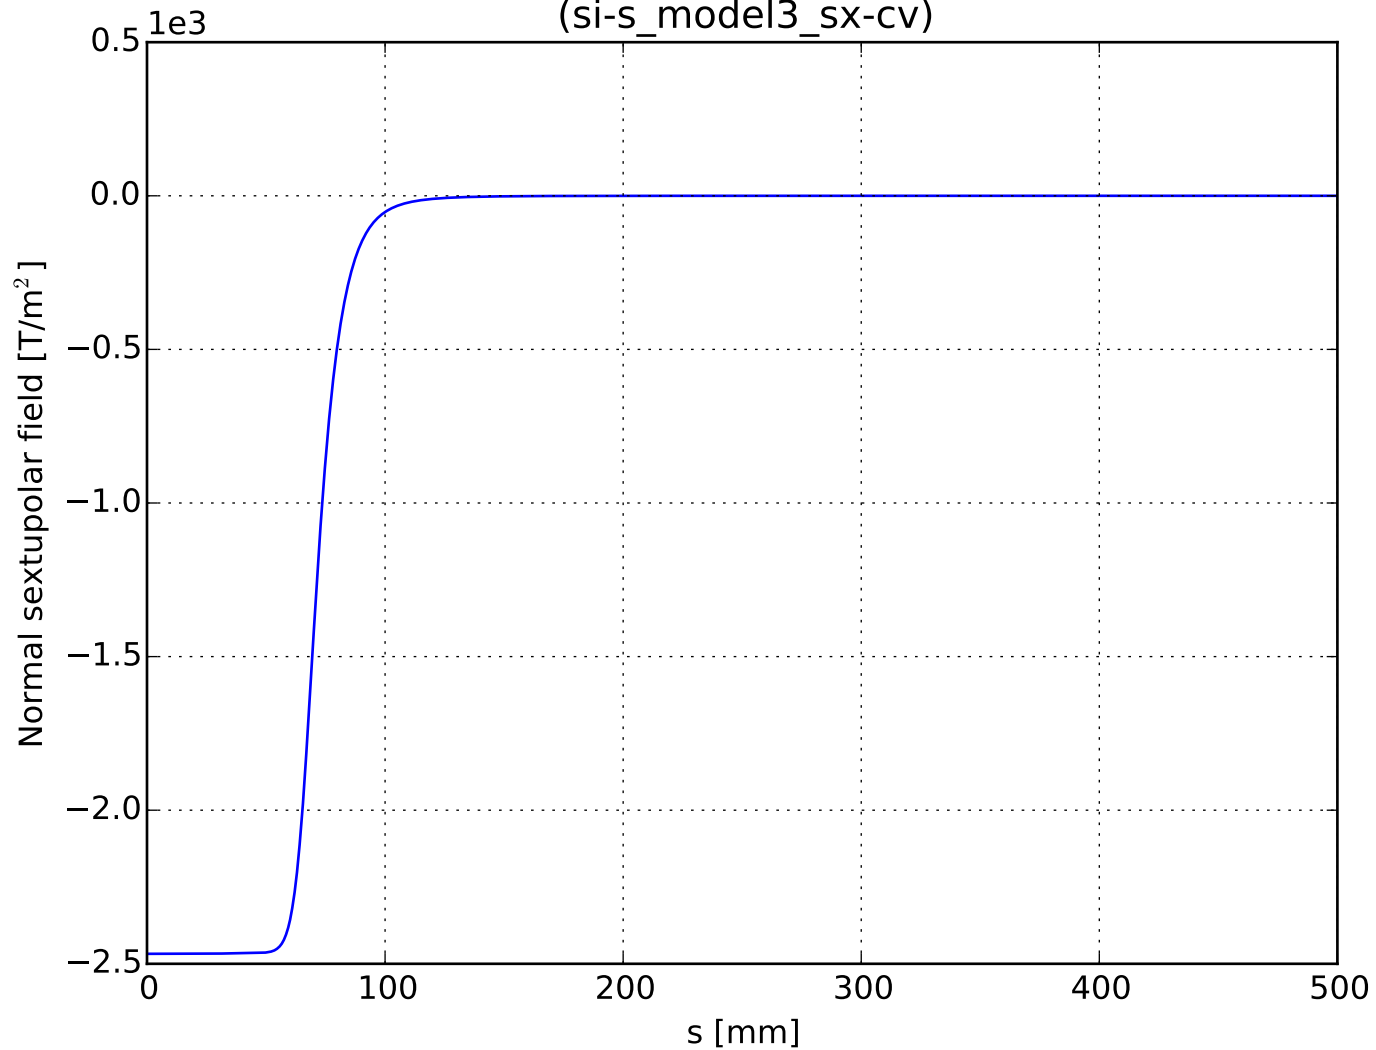

si-s_model3_sx-cv
Transverse profile of horizontal field

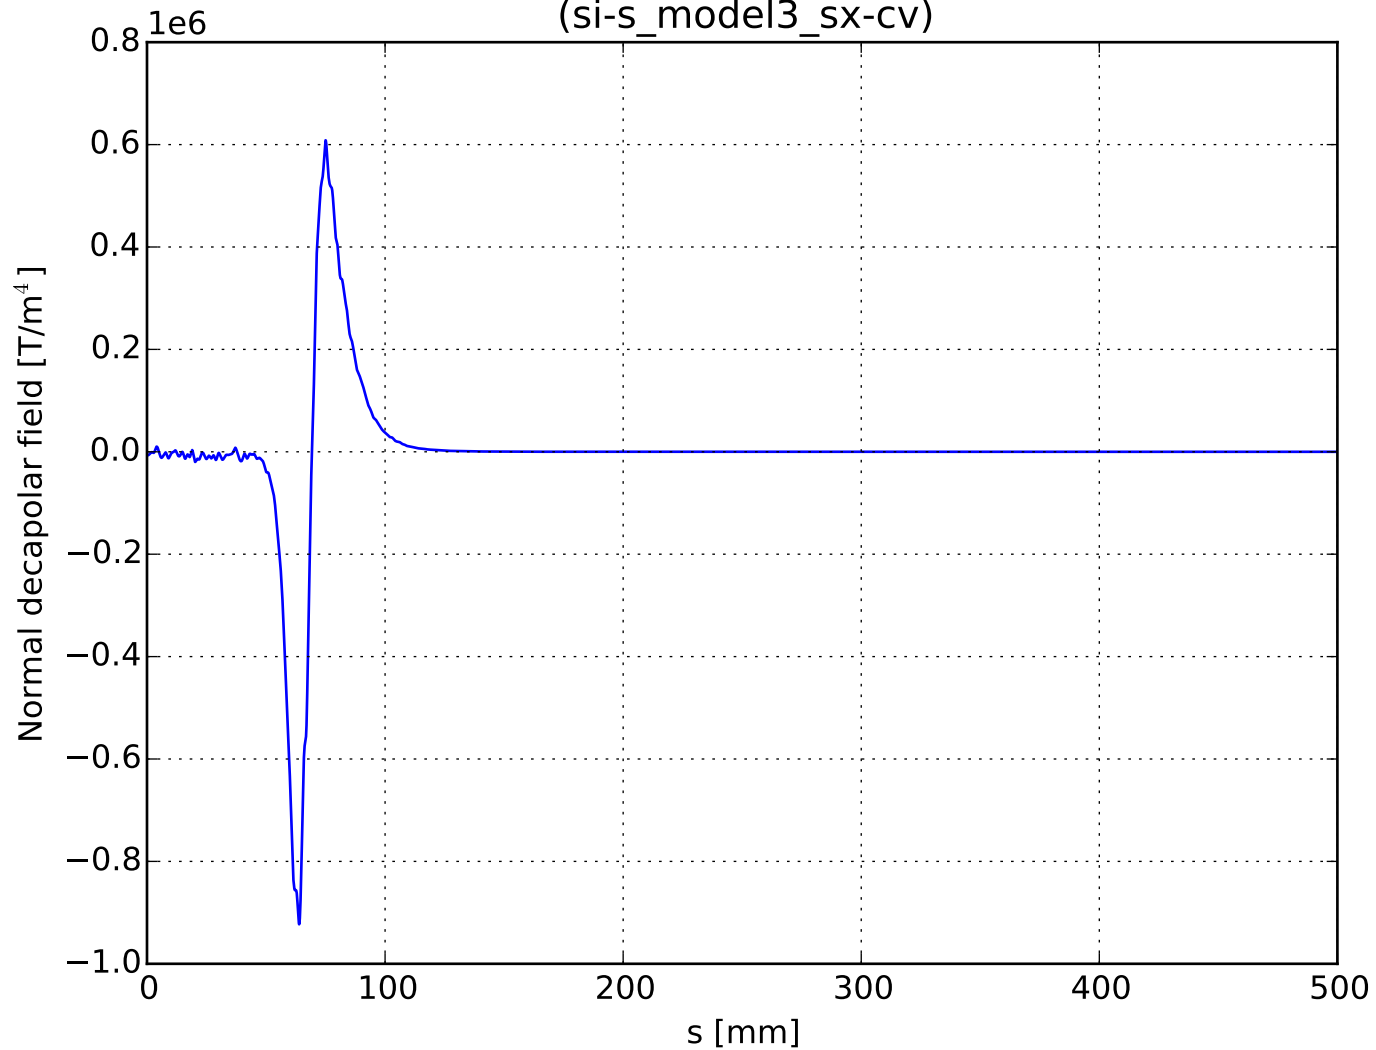

Normal dipolar field along trajectory
(si-s_model3_sx-cv)

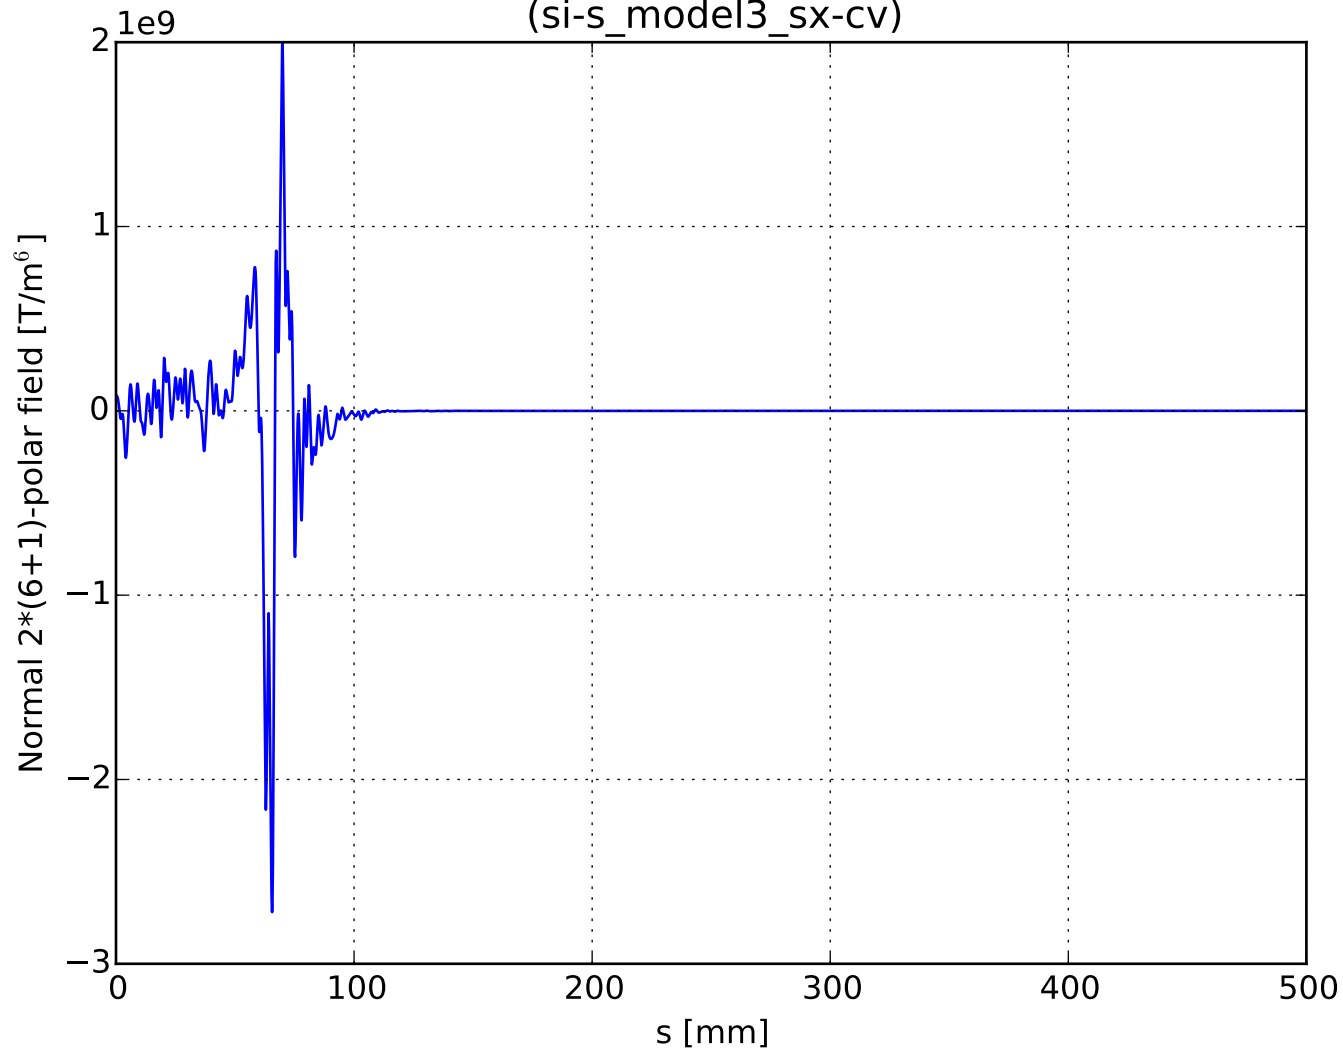

Normal sextupolar field along trajectory
(si-s_model3_sx-cv)

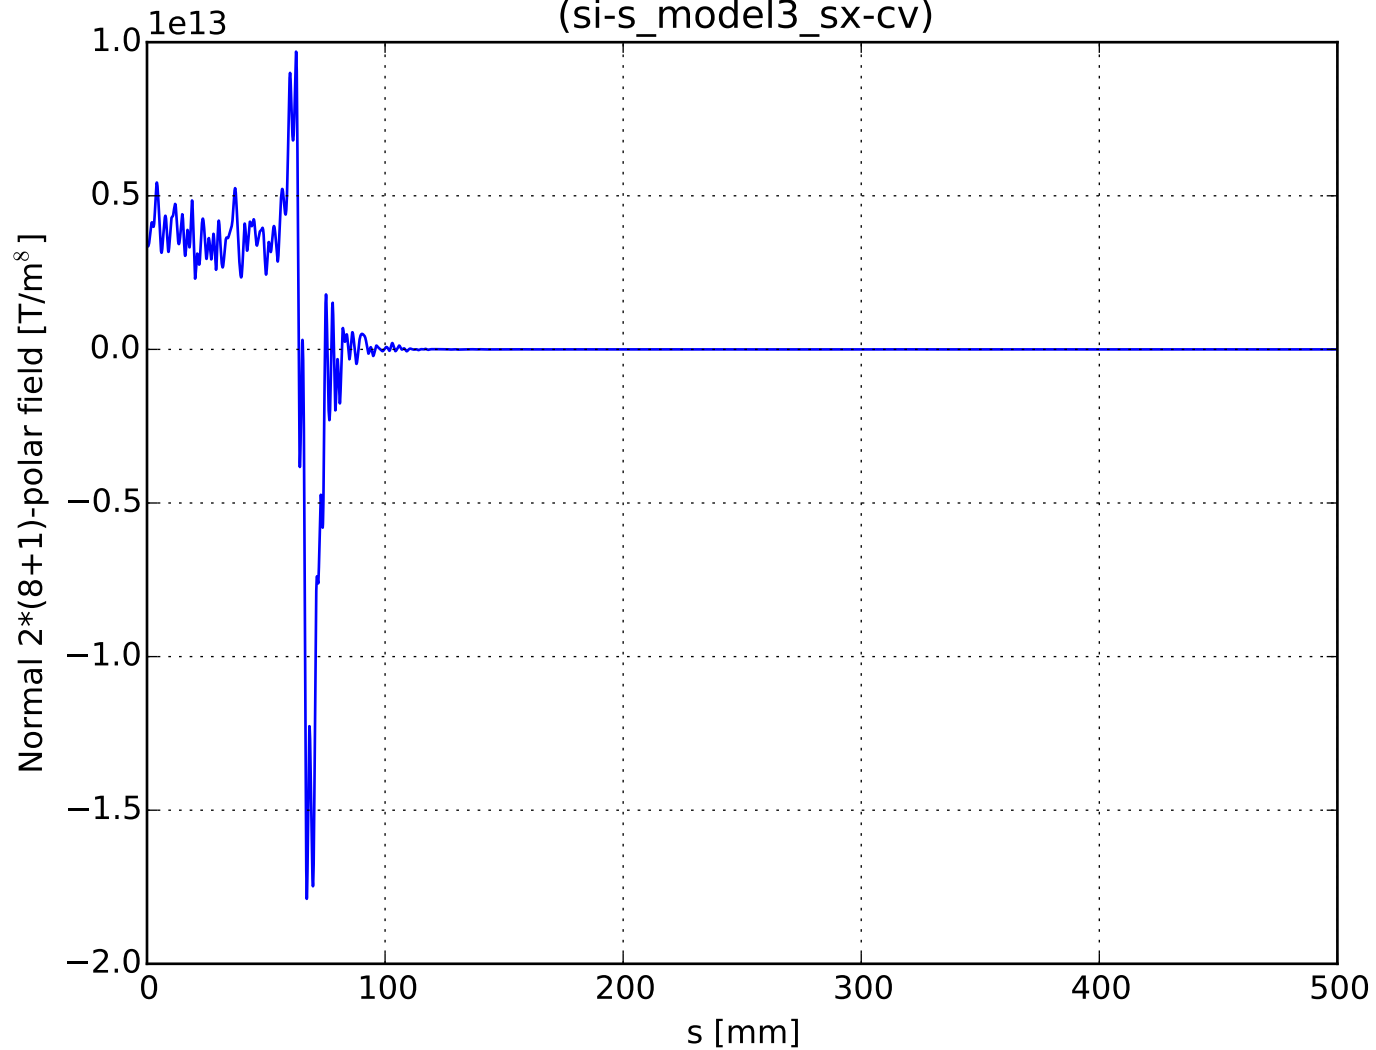

Normal decapolar field along trajectory
(si-s_model3_sx-cv)

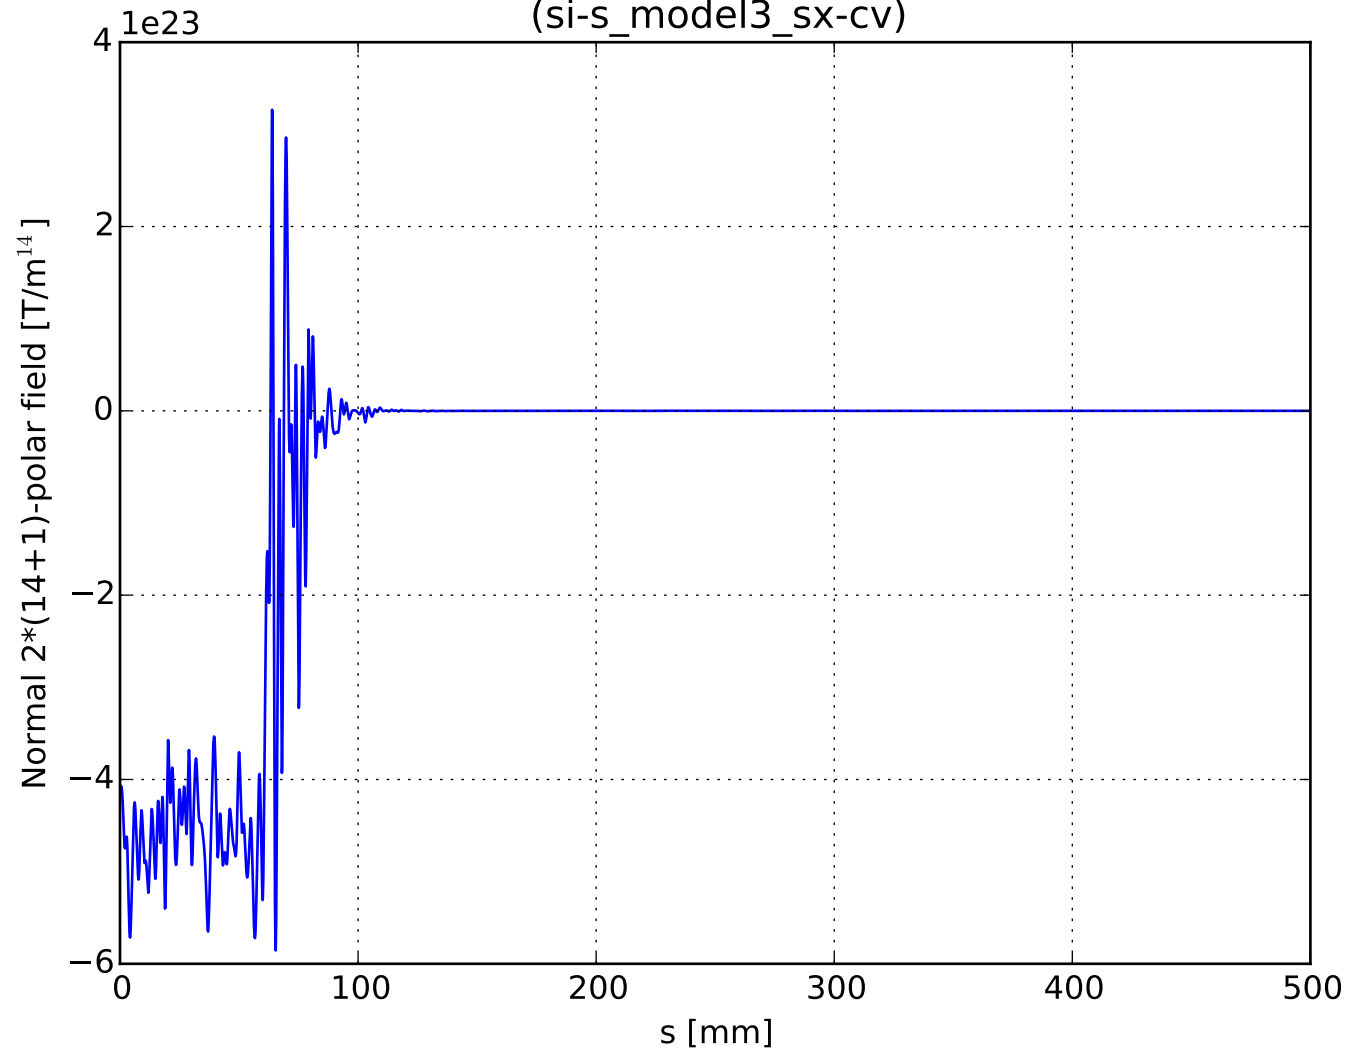

Normal $2*(6+1)$ -polar field along trajectory
(si-s_model3_sx-cv)

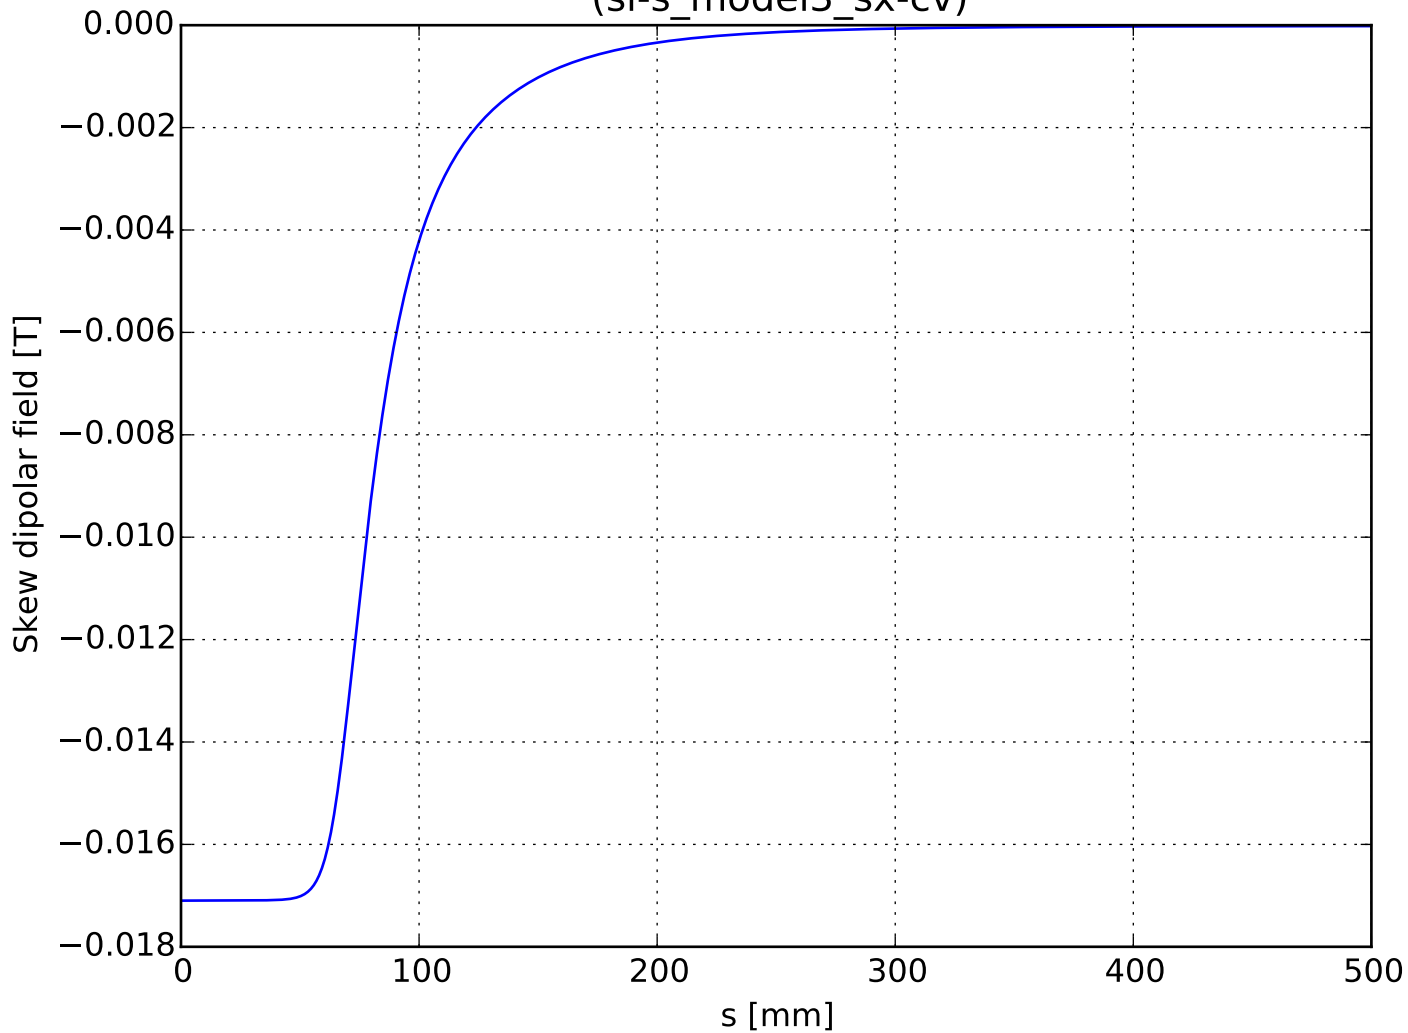

Normal $2*(8+1)$ -polar field along trajectory
(si-s_model3_sx-cv)

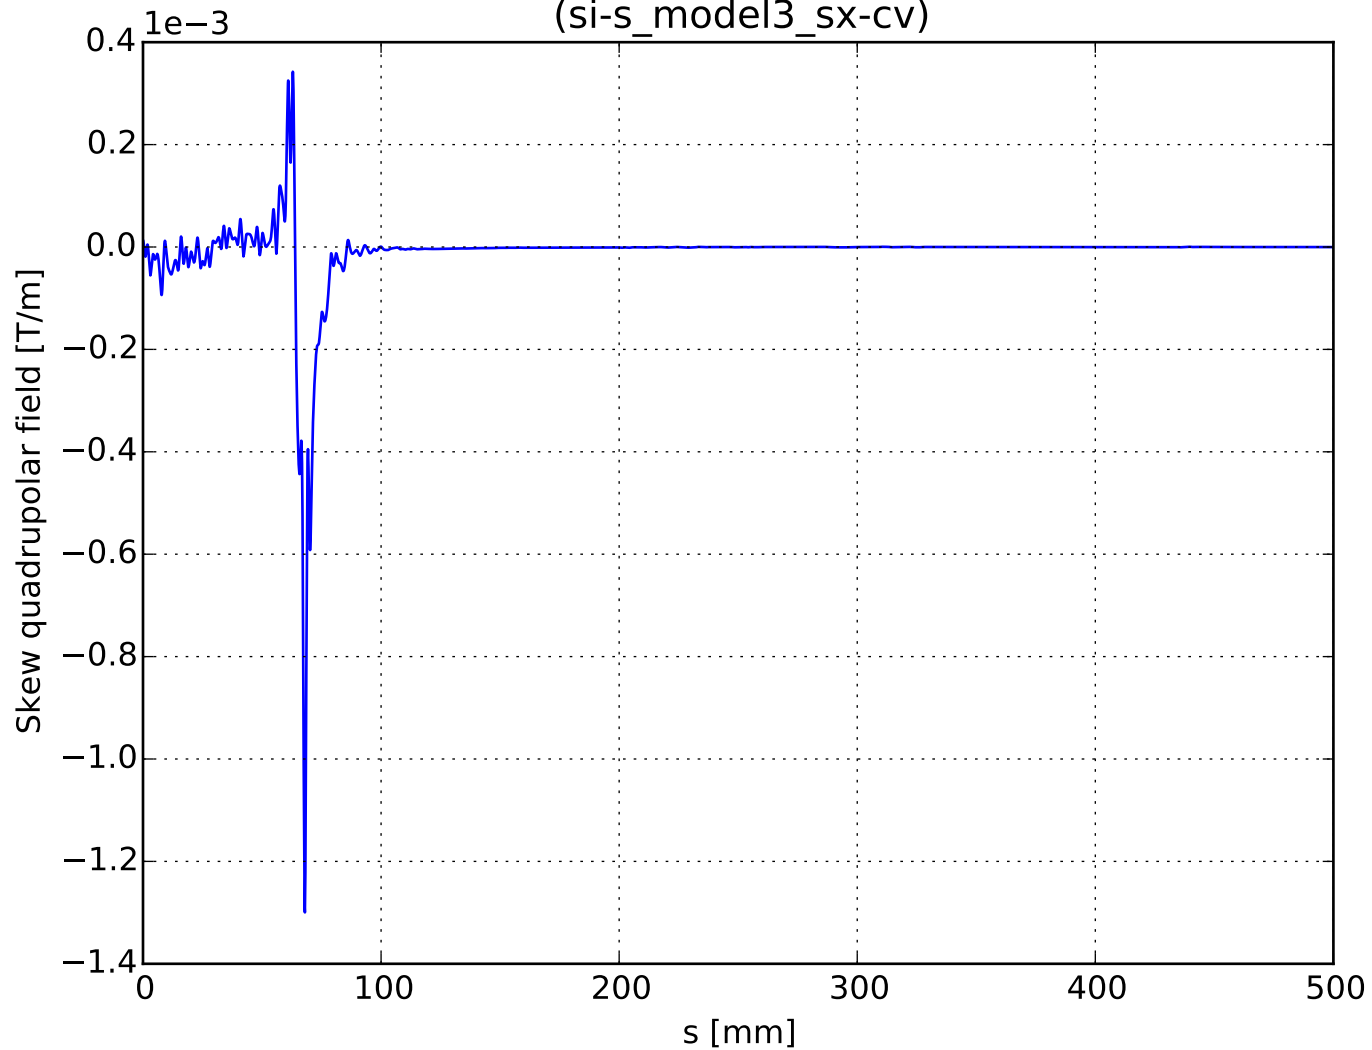

Normal $2*(14+1)$ -polar field along trajectory
(si-s_model3_sx-cv)

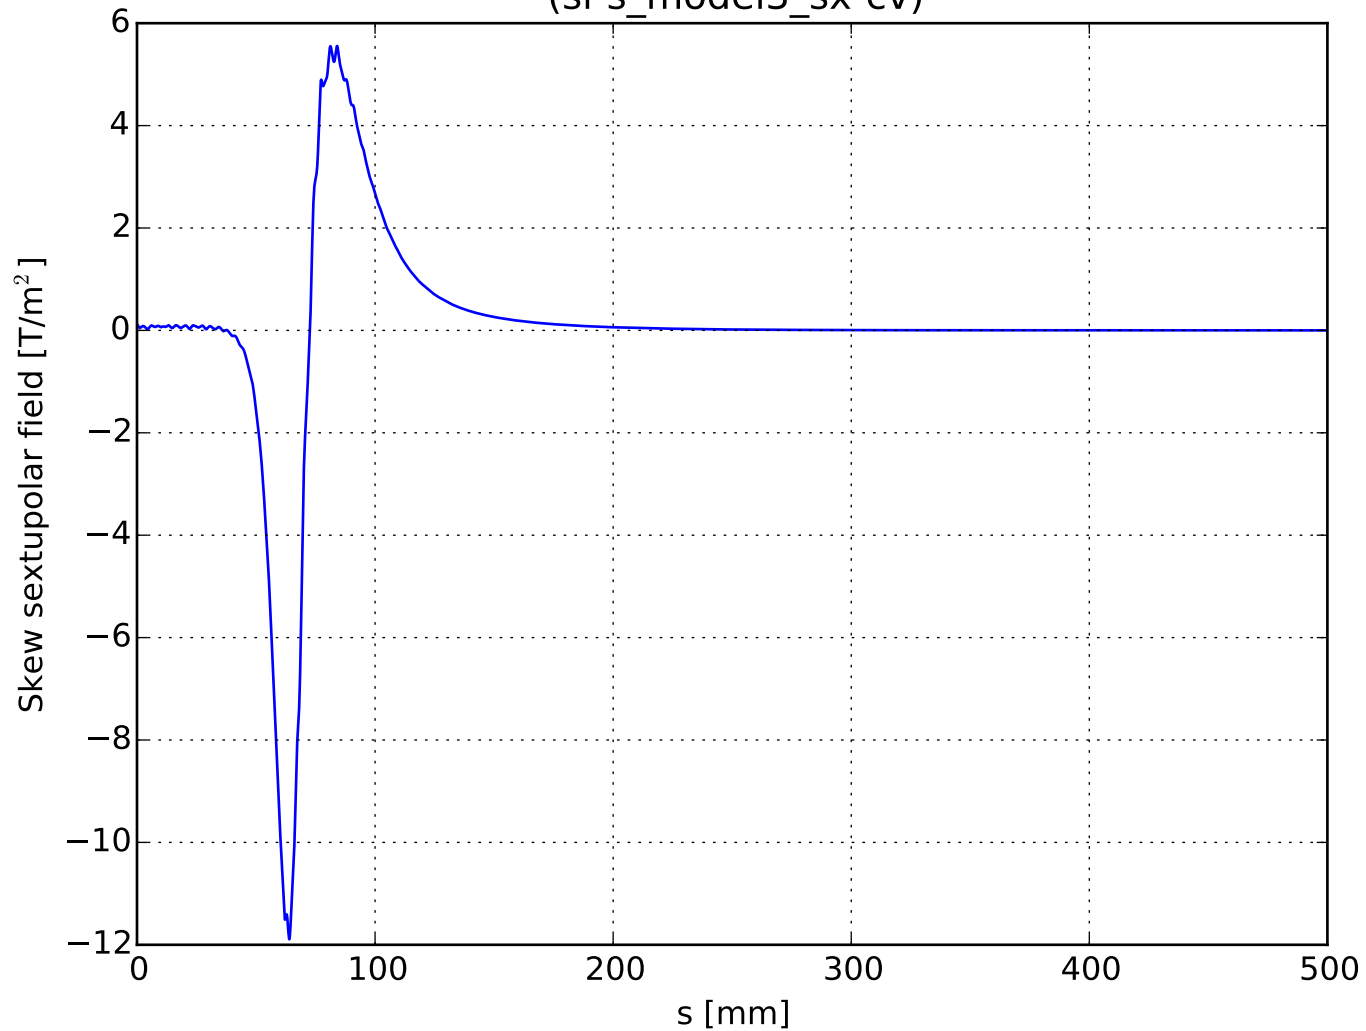

Skew dipolar field along trajectory
(si-s_model3_sx-cv)

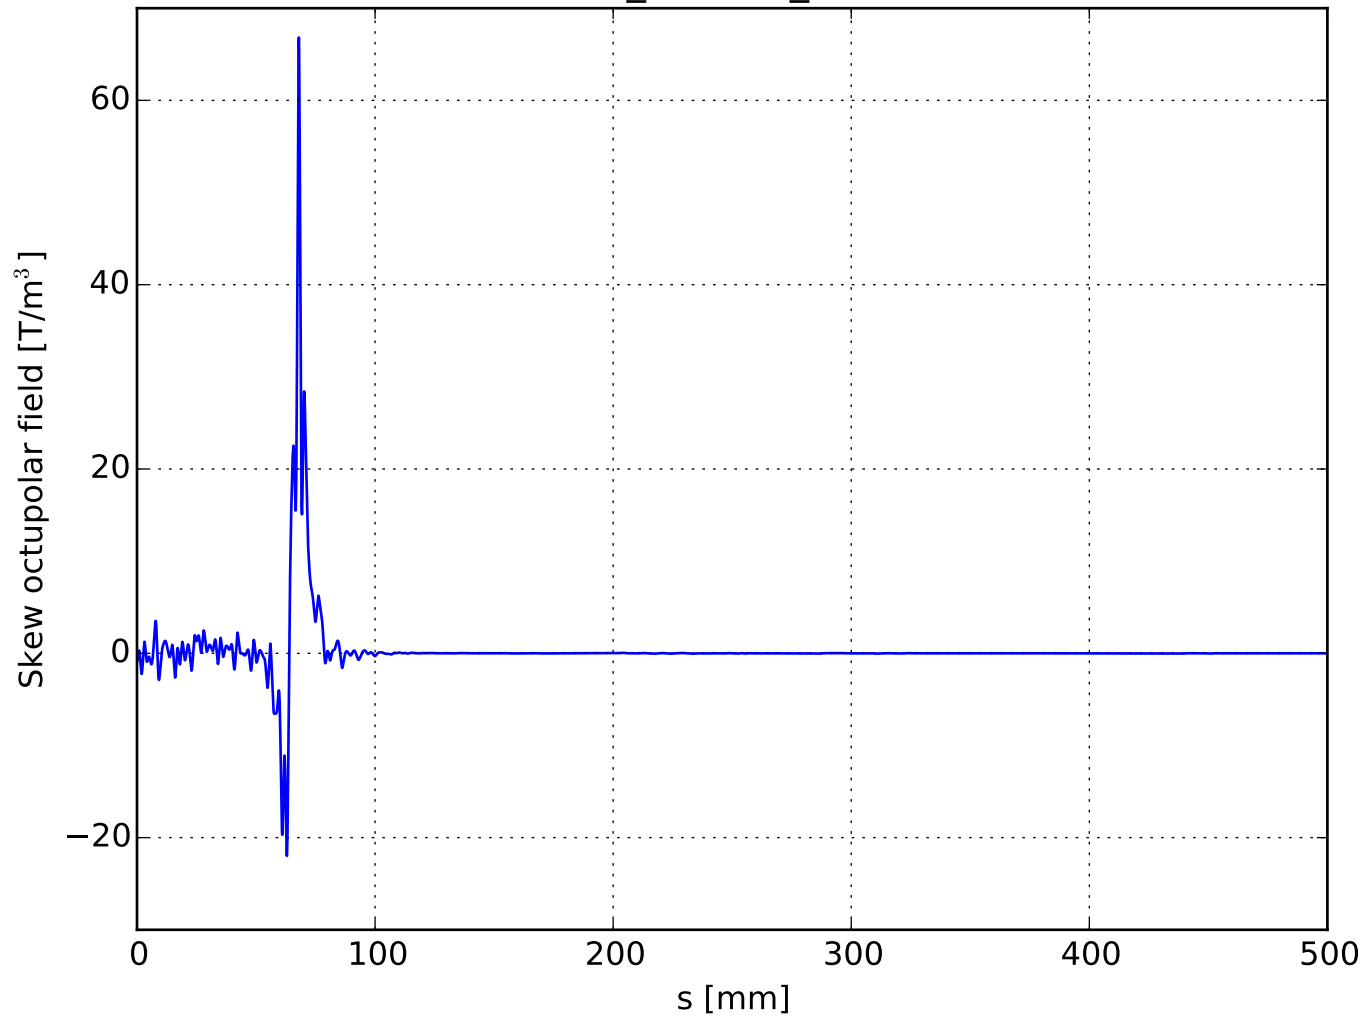

Skew quadrupolar field along trajectory
(si-s_model3_sx-cv)

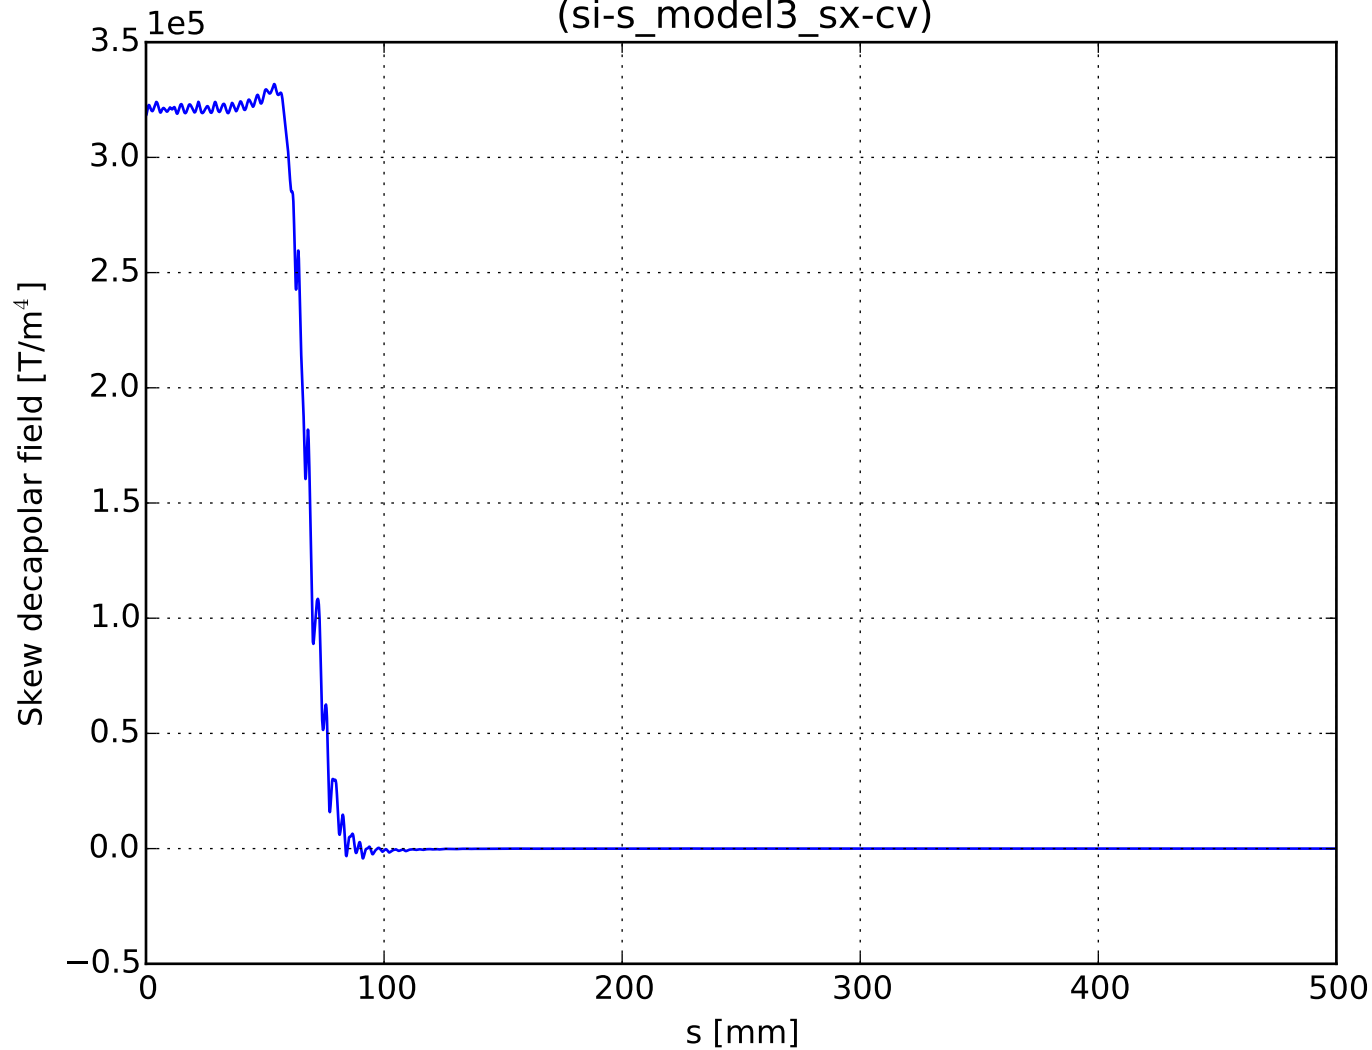

Skew sextupolar field along trajectory
(si-s_model3_sx-cv)

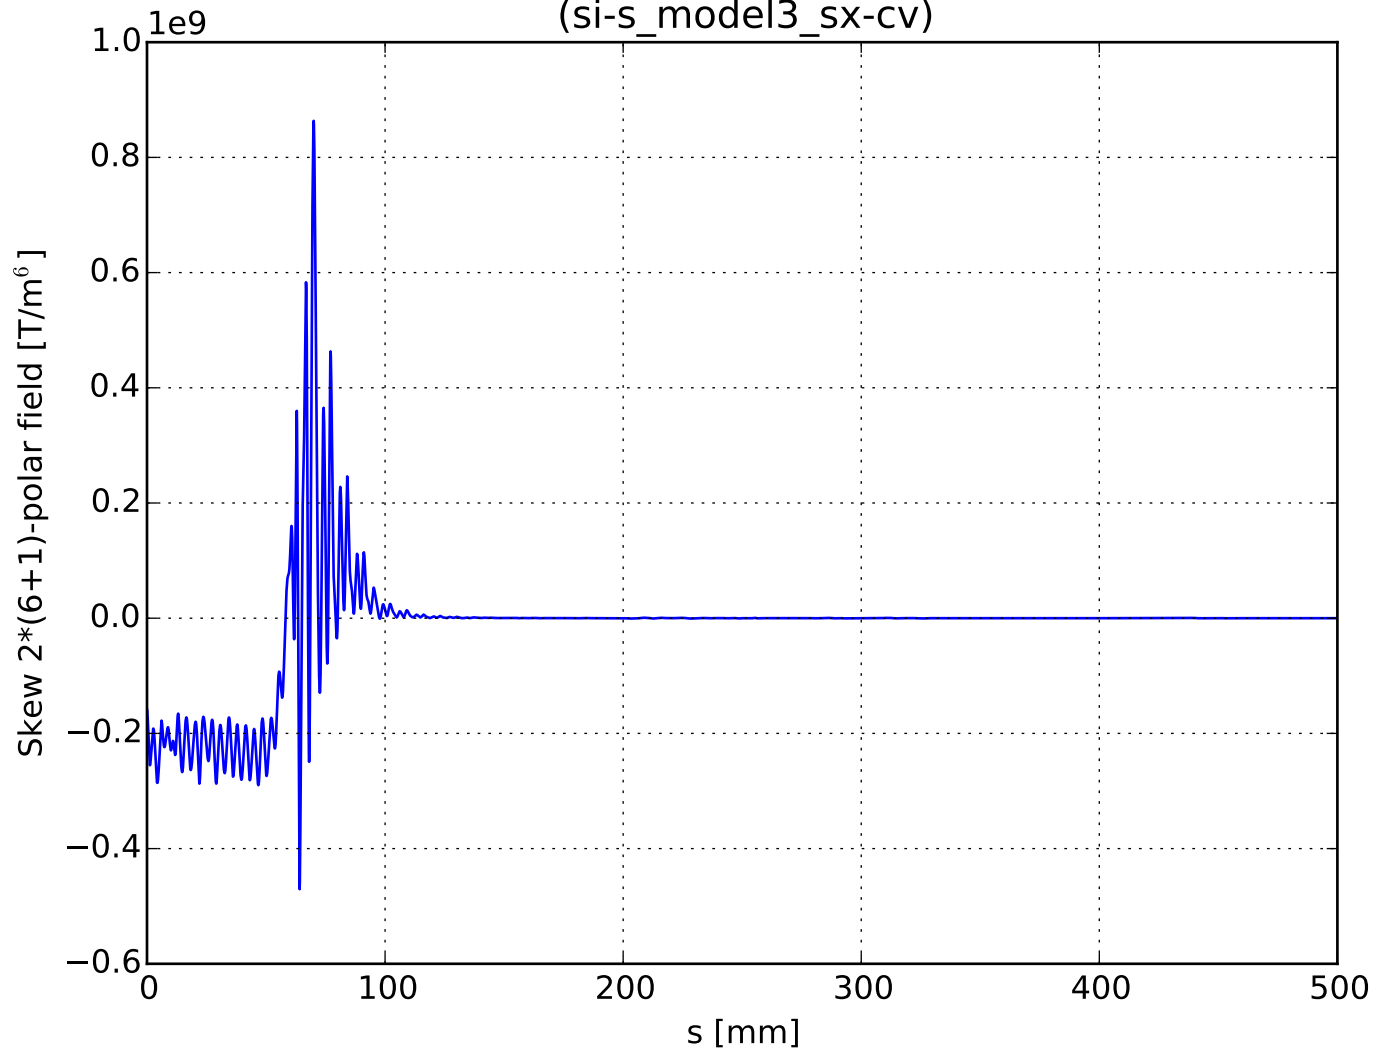

Skew octupolar field along trajectory
(si-s_model3_sx-cv)

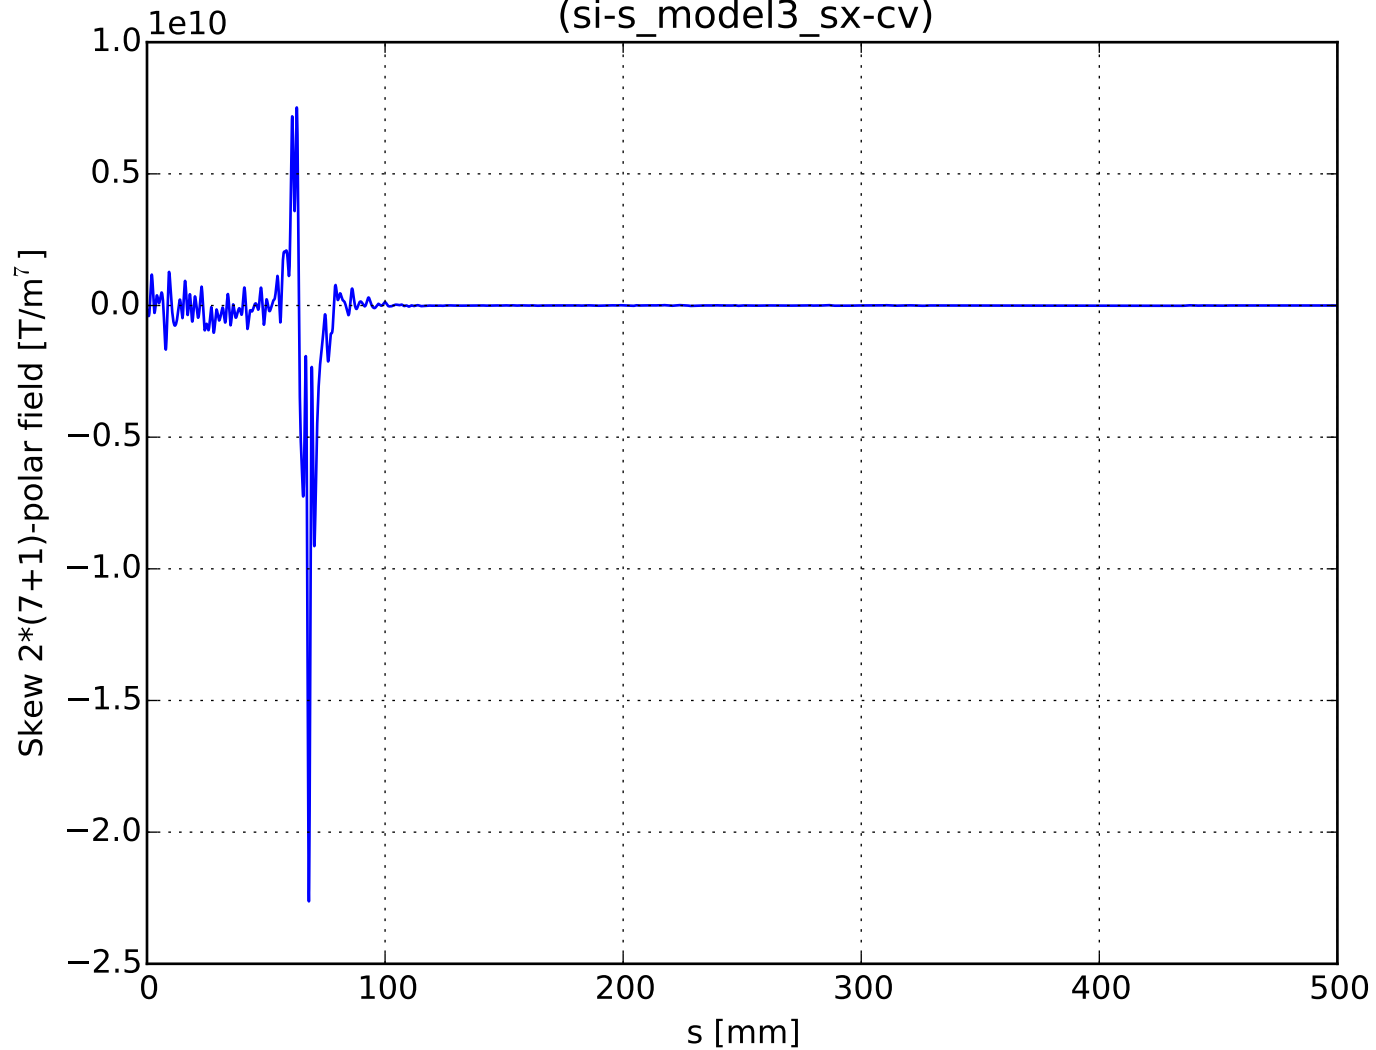

Skew decapolar field along trajectory
(si-s_model3_sx-cv)

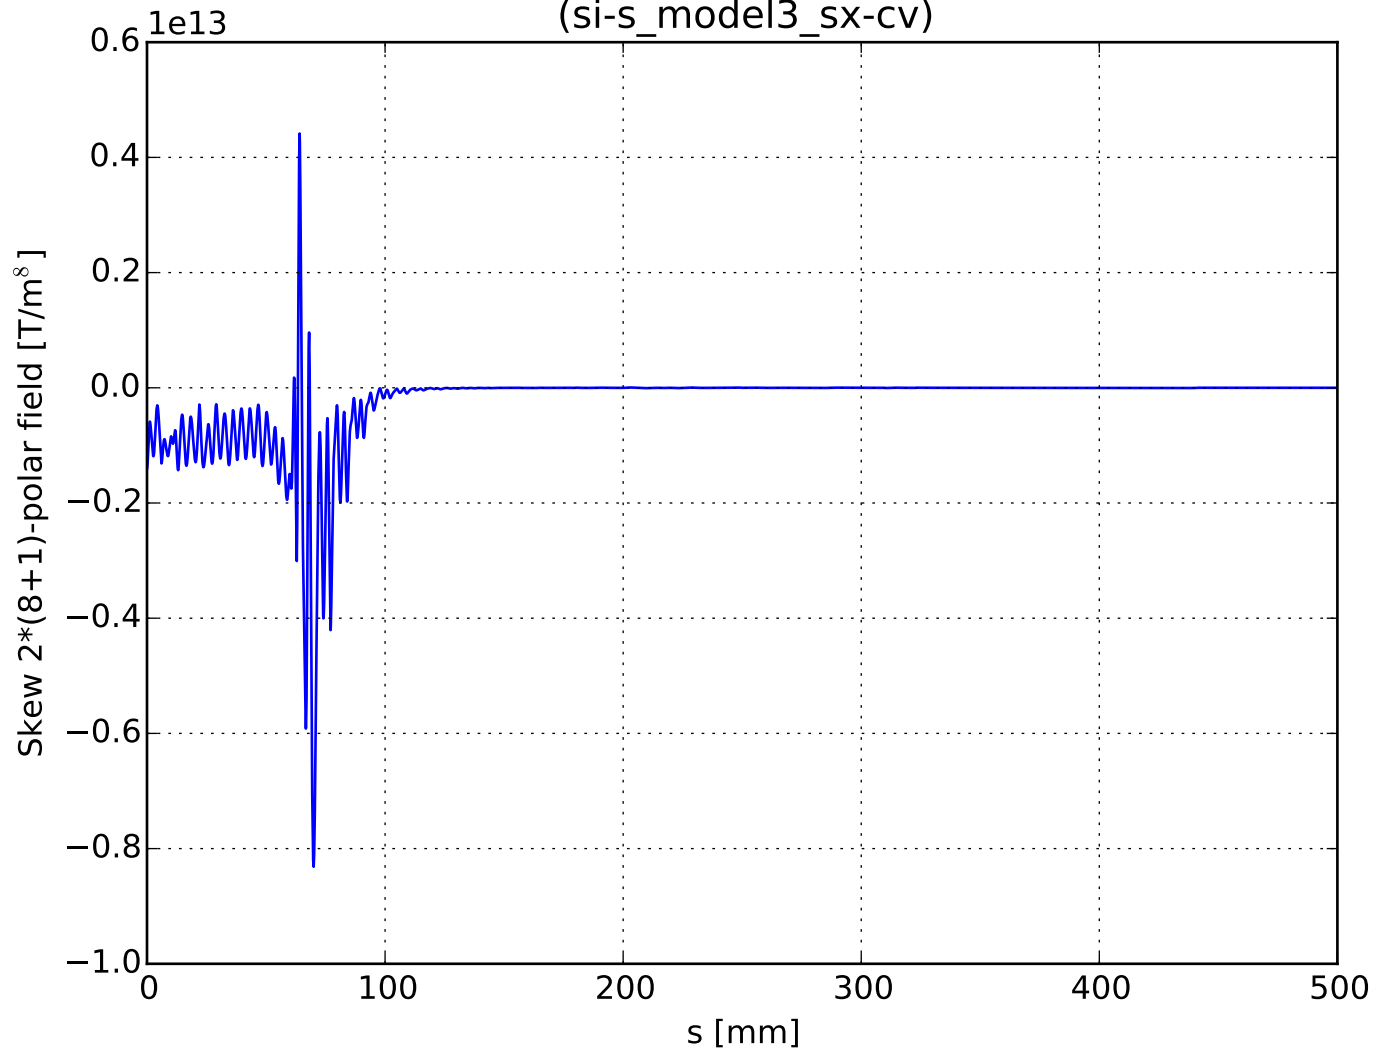

Skew $2 \cdot (6+1)$ -polar field along trajectory
(si-s_model3_sx-cv)

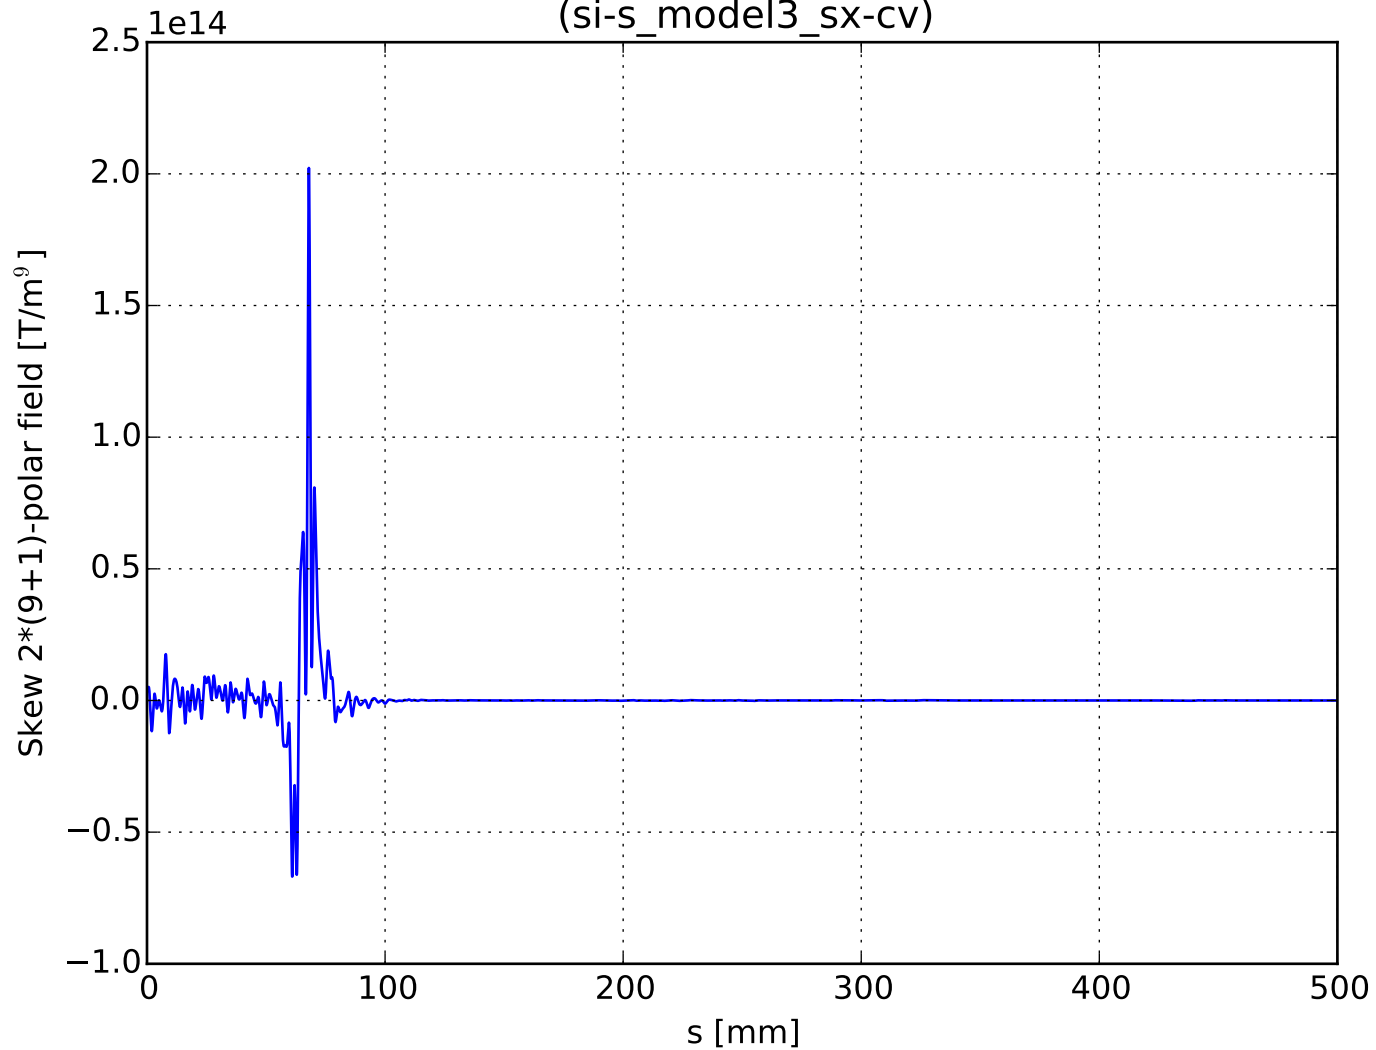

Skew $2 \cdot (7+1)$ -polar field along trajectory
(si-s_model3_sx-cv)

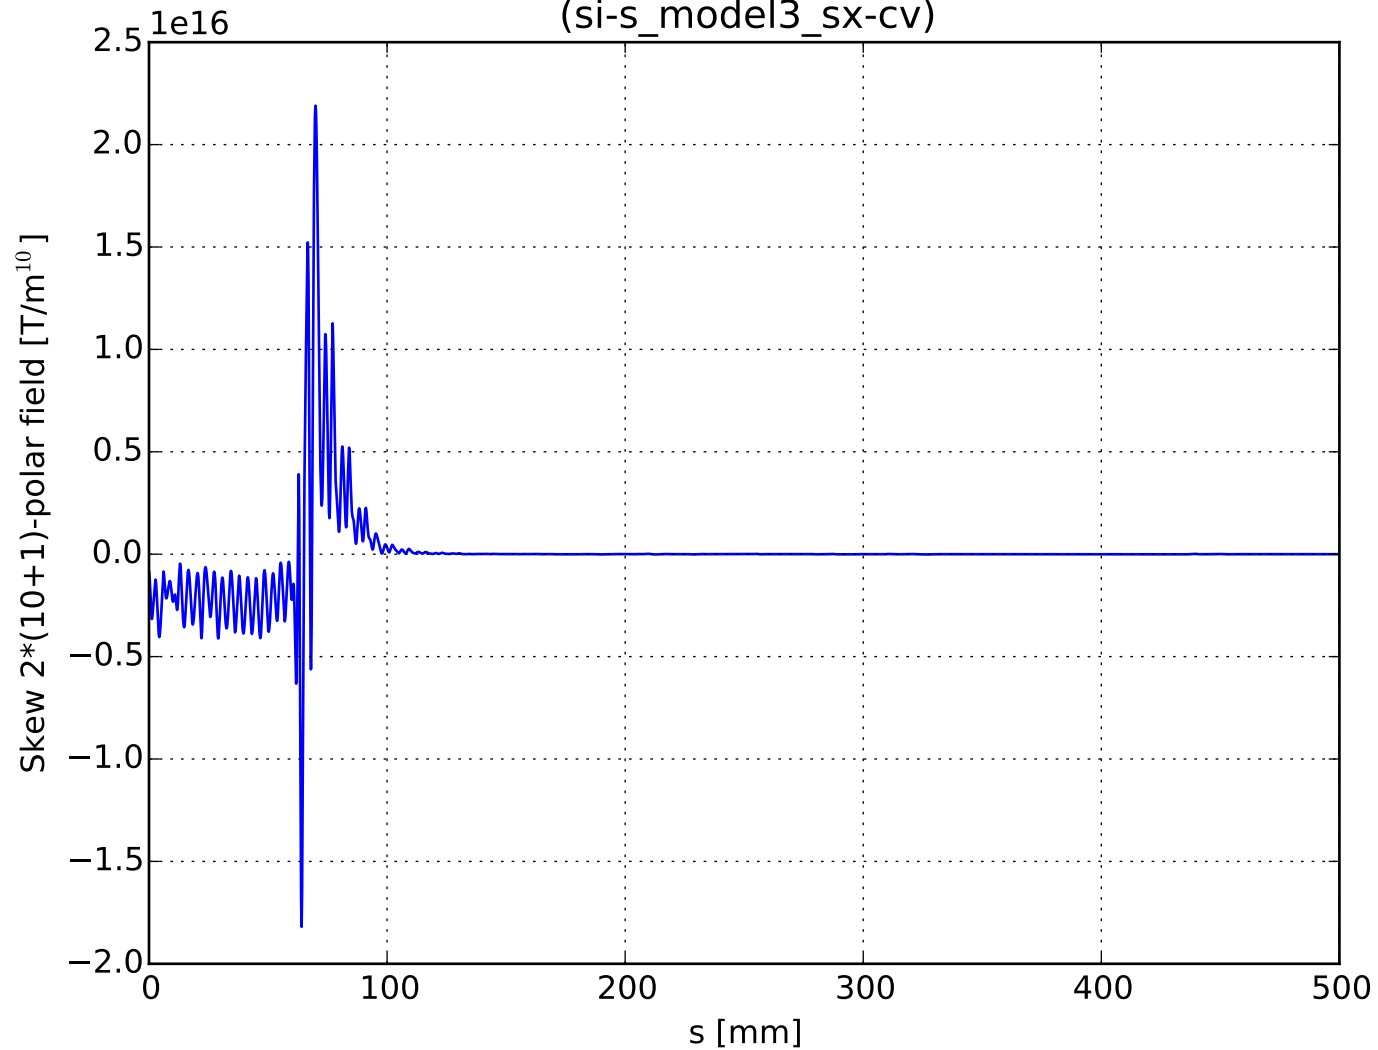

Skew $2 \cdot (8+1)$ -polar field along trajectory
(si-s_model3_sx-cv)

Skew $2*(9+1)$ -polar field along trajectory
(si-s_model3_sx-cv)

Skew $2 \cdot (10+1)$ -polar field along trajectory
(si-s_model3_sx-cv)

Skew $2*(13+1)$ -polar field along trajectory
(si-s_model3_sx-cv)
